

are complete and accurate in all material respects. Mr. Bolton's actions in using illegal drugs and attempting to circumvent FFD requirements have raised serious doubt as to whether he can be relied upon to comply with NRC requirements and to provide complete and accurate information to the NRC and its Licensees. Although a DFI was issued on October 6, 1995, which provided Mr. Bolton an opportunity to describe why the NRC should have confidence that he will meet NRC requirements to provide complete and accurate information to the NRC and its Licensees in the future, Mr. Bolton has not responded to the DFI.

Consequently, I lack the requisite reasonable assurance that: (1) Mr. Bolton will conduct any NRC-licensed activities in compliance with the Commission's requirements; and (2) that the health and safety of the public will be protected with Mr. Bolton granted unescorted access to NRC-licensed facilities at this time. Therefore, I find that the public health, safety, and interest require that Mr. Bolton be prohibited from seeking unescorted access to NRC-licensed facilities for five years from the date of his termination of unescorted access by NYPA on March 9, 1993. Furthermore, pursuant to 10 CFR 2.202, I find that the significance of the misconduct described above is such that the public health, safety, and interest require that this Order be immediately effective.

IV

Accordingly, pursuant to sections 103, 161b, 161i, 161o, 182, and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202 and 10 CFR 50.5, it is hereby ordered, effective immediately, that:

Mr. Bolton is prohibited for five years from the date of his termination of unescorted access by NYPA on March 9, 1993, from seeking unescorted access to facilities licensed by the NRC.

The Director, OE, may, in writing, relax or rescind any of the above conditions upon demonstration by Mr. Bolton of good cause.

V

In accordance with 10 CFR 2.202, Mr. Bolton must, and any other person adversely affected by this Order may, submit an answer to this Order, and may request a hearing on this Order, within 20 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of

Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and include a statement of good cause for the extension. The answer may consent to this Order. Unless the answer consents to this Order, the answer shall, in writing and under oath or affirmation, specifically admit or deny each allegation or charge made in this Order and shall set forth the matters of fact and law on which Mr. Bolton or other person adversely affected relies and the reasons as to why the Order should not have been issued. Any answer or request for a hearing shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, Attn: Chief, Docketing and Service Section, Washington, DC 20555. Copies also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, to the Assistant General Counsel for Hearings and Enforcement at the same address, to the Regional Administrator, NRC Region I, 475 Allendale Road, King of Prussia, Pennsylvania 19406, and to Mr. Bolton if the answer or hearing request is by a person other than Mr. Bolton. If a person other than Mr. Bolton requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.714(d).

If a hearing is requested by Mr. Bolton or a person whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearing. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained.

Pursuant to 10 CFR 2.202(c)(2)(i), Mr. Bolton, or any other person adversely affected by this Order, may, in addition to demanding a hearing, at the time the answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error.

In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings. An answer or a request for hearing shall not stay the immediate effectiveness of this order.

Dated: February 23, 1996.

For the Nuclear Regulatory Commission.
James L. Milhoan,
Deputy Executive Director for Nuclear Reactor Regulation, Regional Operations, and Research.
