

Comment date: March 11, 1996, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraph

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Secretary.

[Project No. 2438-007-NY]

Seneca Falls Power Corporation; Notice of Availability of Draft Environmental Assessment

February 27, 1996.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for a new license for the Waterloo and Seneca Falls Hydroelectric Project, located in Yates, Schuyler, and Ontario Counties, New York, and has prepared a Draft Environmental Assessment (DEA) for the project. In the DEA, the Commission's staff has analyzed the potential environmental impacts of the existing licensed project and has concluded that approval of the project, with appropriate environmental protection measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA are available for review in the Public Reference Branch, Room 2-A, of the Commission's offices

at 888 First Street, N.E., Washington, D.C. 20426.

Any comments should be filed within 30 days from the date of this notice and should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street N.E., Room 1-A, Washington, D.C. 20426. Please affix "Waterloo and Seneca Falls Hydroelectric Project No. 2438" to all comments. For further information, please contact Tom Dean at (202) 219-2778.

Lois D. Cashell,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[ASM-FRL-5432-7]

Agency Information Collection Activities Up for Renewal: OMB Control Number 2060-0007

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

REQUEST FOR COMMENTS: Pre-Certification and Testing Exemption Reporting and Record keeping Requirements for motor vehicle and motor vehicle engines.

SUMMARY: In compliance with the paperwork Reduction Act (44 U.S.C. 3506(c)(2)), this notice announces that the Information Collection Request listed below is coming up for renewal. Before submitting the renewal package to the Office of Management and Budget (OMB), EPA is soliciting comments on specific aspects of the collection as described below.

DATES: Comments must be submitted on or before May 3, 1996.

ADDRESSES: Vehicle Programs and Compliance Division, 401 M Street SW., (6405J), Washington, DC 20460.

FOR FURTHER INFORMATION OR COPIES: Interested persons may request a copy of the ICR, without charge, by writing, faxing, or phoning Anthony Tesoriero, Vehicle Programs and Compliance Division, U.S. EPA, 401 M Street SW., (6405J), Washington, DC 20460; (202) 233-9327, Fax (202) 233-9596.

SUPPLEMENTARY INFORMATION:

Affected Entities: Parties potentially affected by this action include:

manufacturers of new motor vehicles or engines, manufacturers of parts or equipment that is used on motor vehicles or engines, fuel refiners, manufacturers in the business of importing, modifying, or testing uncertified vehicles for resale, and Independent Commercial Importers (ICIs).

Title: Pre-Certification and Testing Exemptions Reporting and Record keeping Requirements, OMB No. 2060-0007, Expiration Date 3/31/96.

Abstract: Manufacturers of new motor vehicles or engines, manufacturers of vehicle or engine parts, fuel refiners, manufacturers in the business of importing, modifying, or testing uncertified vehicles for resale, and Independent Commercial Importers (ICIs) will report and keep records of applications for pre-certification and testing exemptions. They will submit reports as part of their testing programs when an uncertified vehicle or engine is required. EPA will use this information to ensure that uncertified vehicles or engines from the pre-certification program or the testing exemption program are introduced into commerce only on a temporary basis for legitimate purposes.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15.

EPA would like to solicit comments to:

(i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

BURDEN STATEMENT

[Estimated Avg]

Activity	Burden hours	Cost per response	Frequency	No. of respondents
A. Pre-Certification Exemptions:				
1. Manufacturers	3	\$180.00	1	40
2. ICI	5.25	315.50	1	25
B. Testing Exemptions:				
1. Manufacturers	40	2,400.00	1	15
2. NonManufacturers/Importation	3	180.00	1	55
3. NonManufacturers/No Importation	5.25	315.50	1	5

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing, and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: February 23, 1996.

Robin Miles-McLean,

Acting Director, Office of Mobile Sources.

Agency Information Collection Activities Up for Renewal; Request for Comments: Emission Control System Performance Warranty Regulations and Voluntary Aftermarket Part Certification Program—OMB Control Number: 2060-0060

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3506(c)(2)), this notice announces that the Information Collection Request (ICR) listed below is coming up for renewal. Before submitting the renewal package to the office of Management and Budget (OMB), EPA is soliciting comments on specific aspects of the collection as described below.

DATES: Comments must be submitted on or before May 3, 1996.

ADDRESSES: Requests for a copy of the ICR should be sent to Chestine Payton, U.S. EPA, 401 M Street, S.W. (6405J), Washington, D.C. 20460. Please include a daytime telephone number, and a current mailing address with any request.

FOR FURTHER INFORMATION CONTACT:

Chestine Payton, Vehicle Programs and Compliance Division, U.S. EPA, 401 M Street S.W. (6405J), Washington, DC 20460; (202) 233-9328, FAX (202) 233-9596.

SUPPLEMENTARY INFORMATION: Affected entities: Parties potentially affected by this action are those which are automotive manufacturers and builders of automotive after market parts.

Title: Emission Control System Performance Warranty Regulations and Voluntary Aftermarket Part Certification Program, OMB# 2060-0060, Expiration date 4/30/96.

Abstract: The information required is the minimal necessary to ensure that the part to be certified actually performs as required. Without this information EPA would have no way to control and audit fraudulent or marginal submissions. Since information is only collected when the part is tested to be certified, if no information is collected at the time of testing there will be no means of showing later that the part was properly designed. EPA would not be able to control the self-certification of parts and this could, therefore, result in certified parts that cause vehicles to fail emissions standards.

The information collected is part of the requirement of Section 207(a) of the Clean Air Act, and as described in section 40 CFR Part 85, Subpart V. This is a voluntary certification program and there is no requirement that any manufacturer participate.

The total estimated involvement of the aftermarket part industry (replacement and specialty parts) is 2 parts per year.

The estimation of respondent burden in hours is based on Certification burden estimates for vehicle manufacturers compiled in the April

1985 Information Collection Report for the basic vehicle certification program (RE: the April 1985 report). Estimation of respondent burden will be broken down into three parts: reporting Burden, Testing Burden and Recordkeeping Burden. A total burden estimate will be compiled from these three categories.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: EPA's burden estimated for this information collection are broken down into three parts: reporting, testing, and recordkeeping burden. EPA estimates that the reporting burden will be 116 hours, testing 260 hours and annual recordkeeping 3 hours. No person is required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR Part 9.

Send comments regarding these matters, or any other aspect of the information collection, including suggestions for reducing the burden, to the address listed above.

Dated: February 23, 1996.

Robin Miles-McLean,

Acting Director, Office of Mobile Sources.
