Defense Logistics Agency

Cooperative Agreement Revised Procedures

AGENCY: Defense Logistics Agency (DLA).

ACTION: Cooperative Agreements Proposed Revised Procedures.

SUMMARY: This proposed revised procedure implements Title 10, United States Code, Chapter 142, as amended, which authorizes the Secretary of Defense, acting through the Director, Defense Logistics Agency, to enter into cost sharing cooperative agreements to support procurement technical

assistance programs established by state and local governments, private nonprofit organizations, Tribal organizations, and Indian-owned economic enterprises. Subpart III of this issuance establishes the proposed administrative procedures to be implemented by DLA to enter into such agreements for this purpose.

DATES: Comments will be accepted until March 29, 1996. Proposed effective date: April 8, 1996.

FOR FURTHER INFORMATION CONTACT:

Mr. Sim Mitchell, Program Manager, Office of Small and Disadvantaged Business Utilization (DDAS), Defense Logistics Agency, 8725 John J. Kingsman Rd., Suite 2533, Fort Belvoir, VA 22060-6221, Telephone (703) 767-1650.

Sim C. Mitchell,

Program Manager, Office of Small and Disadvantaged Business Utilization.

I. Background Information

The Procurement Technical Assistance Cooperative Agreement Program (PTACAP) was established by the Fiscal Year (FY) 1985 Department of Defense (DoD) Authorization Act, Public Law 98-525. The Public Law amended Title 10, United States Code (U.S.C.), by adding Chapter 142. Title 10, U.S.C., as amended, continues to authorize the Secretary of Defense, acting through the Director, Defense Logistics Agency (DLA), to enter into cost sharing cooperative agreements to support procurement technical assistance (PTA) programs established by eligible entities.

DoD's efforts to increase competition in the private sector have been supplemented by many state and local governments, and other entities that operate PTA programs. The DoD PTACAP provides assistance to eligible entities by sharing the cost of establishing new and/or maintaining existing PTA programs.

The enabling legislation placed the following limitation on the use of funds allocated to the program:

A. DoD's share of an eligible entity's net program cost shall not exceed 50%, unless the eligible entity proposes to cover a distressed area. If the eligible entity proposes to cover a distressed area, the DoD share may be increased to an amount not to exceed 75%. In no event shall DoD's share of net program cost exceed \$150,000 for programs providing less than statewide coverage or \$300,000 for programs providing statewide coverage.

B. For the American Indian program, DoD's share of net program cost shall not exceed 75% or \$150,000, whichever

is less, for programs providing services on reservations within one Bureau of Indian Affairs (BIA) service area. For programs providing services to 100% of the reservations located within one BIA service area and at least 50% of the reservations located within another BIA service area (multi-area coverage), DoD's share of net program cost shall not exceed 75% or \$300,000, whichever is less.

C. No funds available to DoD may be provided by grant or contract to any institution of higher education that has a policy of denying, or which effectively prevents, the Secretary of Defense from obtaining for military recruiting purposes—

1. entry to campuses or access to students (individuals who are 17 years of age or older) on campuses; or

2. access to directory information pertaining to students.

D. No funds appropriated or otherwise available to the Department of Defense may be obligated by contract or by grant (including a grant of funds to be available for student aid) to any institution of higher education that, as determined by the Secretary of Defense, has an anti-ROTC policy and at which, as determined by the Secretary, the Secretary would otherwise maintain or seek to establish a unit of the Senior Reserve Officer Training Corps or at which the Secretary would otherwise enroll or seek to enroll students for participation in a unit of the Senior Reserve Officer Training Corps at another nearby institution of higher education. The term "anti-ROTC policy" means a policy or practice of an institution of higher education that—

1. prohibits, or in effect prevents, the Secretary of Defense from maintaining or establishing a unit of the Senior Reserve Officer Training Corps at that institution, or

2. prohibits, or in effect prevents, a student at that institution from enrolling in a unit of the Senior Reserve Officer Training Corps at another institution of higher education.

The purpose of the proposed revised procedure is to make available to all eligible entities the prerequisites, policies and procedures that will govern the award of cooperative agreements by DLA. Also, this procedure establishes the guidelines that will govern the administration of cooperative agreements.

Although this procedure will affect all eligible entities desiring to enter into a DLA awarded cooperative agreement, DLA has determined that this procedure does not involve a substantial issue of fact or law, and that it is unlikely to have a substantial or major impact on

the Nation's economy or large numbers of individuals or businesses. This determination is based on the fact that the proposed cooperative agreement procedure implements policies already published by the Office of Management and Budget (OMB) pursuant to Title 31, U.S.C., Chapter 63, Using Procurement Contracts and Grants and Cooperative Agreements. In addition, DLA cooperative agreements will be entered into pursuant to the authorities and restrictions contained in the annual DoD Authorization and Appropriation Acts. Therefore, public hearings were not conducted.

II. Other Information

The language contained in the current cooperative agreement procedure limited the period of coverage to the FY 95 Program in that it addressed the FY 95 Authorization Act requirements in specific terms. This proposed revision to the procedure will provide general guidance for cooperative agreements entered into by the DLA and will become a permanent document for the duration of the FYs 96, 97 and 98 Programs.

Comments are invited on the procedure. Comments should be submitted to DLA, Office of Small and Disadvantaged Business Utilization, ATTN: DDAS, 8725 John J. Kingman Road, Suite 2533, Fort Belvoir, VA 22060-6221. Comments received after March 29, 1996 may not be considered in formulating revisions to the Procedure.

III. Proposed Revision to DLA Procedure—Cooperative Agreements

3-1 Policy

A. Applications for cooperative agreements are obtained through the issuance of a DLA solicitation for cooperative agreement applications (hereafter referred to as a SCAA). The contents of this procedure shall be incorporated, in whole or in part, into the SCAA to establish administrative requirements to execute and administer DLA awarded cooperative agreements. The SCAA may include additional administrative requirements that are not included herein.

B. The SCAA is issued by the PTACAP Manager (hereafter referred to as Program Manager) of the DLA Office of Small and Disadvantaged Business Utilization every third fiscal year, i.e., FY 96, FY 99, etc. The Program Manager will respond to any SCAA questions that may arise.

C. Only one application will be accepted from a single eligible entity. An entity that submits more than one

application, or is listed as a subagreement applicant in another entity's application will not be considered for an award. D. Applications will not be accepted from applicants that apply as coequal partners or joint ventures. Only one organization can take the lead and primary responsibility for the proposed program. In other words, only one eligible entity can submit an application.

E. Applications will not be accepted from applicants who propose to provide less than county or equivalent (i.e., parish, borough) coverage. For example, if an applicant proposes to service any part of a county or equivalent, the applicant must service the entire county or equivalent.

F. Cooperative agreements will be awarded on a competitive basis consistent with the SCAA. It is DLA's policy to encourage fair and open competition when awarding cooperative agreements.

G. Letters of support and recommendation from Members of Congress are not necessary and will not be considered in the evaluation and selection of applications to receive cooperative agreement awards.

H. The SCAA shall be given the widest practical dissemination. It will be made available to all known eligible entities and to those that request copies after its issuance. All eligible entities interested in submitting an application under the SCAA will be invited to participate in a pre-application conference. Pre-application conferences will be held at the locations designated in the SCAA, approximately 30 calendar days prior to the SCAA's closing date.

I. The SCAA shall not be considered to be an offer made by DoD. It will not obligate DoD to make any awards under this Program.

J. In the event that insufficient funds are available to award all applicants that meet the minimum requirements, only those applicants found to be the most meritorious will be funded for an award.

K. If selected for an award, the applicant is bound to perform the services described in its application when the application is incorporated into the cooperative agreement award document.

L. DoD is not responsible for any monies expended or expenses incurred by applicants prior to the award of a cost sharing cooperative agreement. However, actual travel expenses incurred by FY 96 award recipients to participate in a FY 96 pre-application and/or postaward training conference may be reimbursed under the FY 96 cooperative agreement award subject to

the provisions of the applicable cost principles.

M. The award of a cooperative agreement under this Program shall not, in any way, obligate DoD to enter into a contract or give preference for the award of a contract to a business or firm which is or becomes a client of a DLA cooperative agreement recipient.

N. Cooperative agreement recipients must give special emphasis to assisting small disadvantaged business (SDB) firms and any historically black colleges and minority institutions that participate or aspire to participate in DoD prime and subcontracting opportunities. A concerted effort must be made by recipients to identify SDB firms and provide them with marketing and technical assistance, particularly where such firms are referred for assistance by a DoD component, other Federal agencies, and state and/or local governments.

O. Award recipients are not required to obtain or retain private, profit and/or nonprofit consultants to support the program. Any subcontract costs being proposed for consulting services shall not exceed 10% of total program cost for the general program or 25% of total program cost under the American Indian program. Applications containing subcontracting costs for consultant services in excess of 10% of total program cost for the general program and 25% of total program cost for the American Indian program, will be removed from consideration for an award.

P. Reasonable quantities of government publications, such as "Selling to the Military," may be furnished to award recipients at no cost, subject to availability. All requests for such publications must be submitted to the cognizant Deputy for Small Business.

Q. Each cooperative agreement recipient's area of performance will be limited to the county(ies) or equivalent specified in its cooperative agreement award. Recipients may voluntarily service clients outside their area of performance provided that the client's location is not being serviced by another PTA recipient. For the American Indian program, the recipient's area of performance will be limited to the reservation(s) specified in its cooperative agreement.

R. For the American Indian program, if a tribal organization is to perform services benefiting other Indian tribe(s), written approval must be obtained by the eligible entity from each Indian tribe it plans to service. Approval will consist of a written statement (signed by a responsible official authorized to legally

bind the Indian tribe it plans to service) indicating that the Indian tribe approves and agrees to accept the services to be provided by the tribal organization.

S. Cooperative agreement awards shall not be made to entities listed in the General Services Administration's (GSA) "Lists of Parties Excluded from Federal Procurement or Nonprocurement Programs." Cooperative agreements will not be awarded to entities who employ any person listed in GSA's "Lists of Parties Excluded from Federal Procurement or Nonprocurement Programs."

T. Applications submitted in response to the SCAA shall cover a 12, 24 or 36-month period. All other applications proposing different periods will not be considered for an award.

U. To be considered during the evaluation process, part-time PTA program employees must be employed by the PTA program a minimum of three calendar months per year for the base year and each of the option years. Time employed must be performed continuously or incrementally for each 12-month period.

V. Cooperative agreement recipients shall not purchase non-expendable tangible personal property with a delivery date later than 90 days prior to the expiration of the cooperative agreement's effective period. Cost of non-expendable tangible personal property delivered later than 90 days prior to the expiration of the cooperative agreement's effective period will be disallowed.

W. Cooperative agreement recipients will be authorized to use GSA's subscription schedules. Usage will be limited to subscription services only.

X. Cooperative agreement recipients are required to provide information to their clients relating to the objectives of the Government's Electronic Commerce/Electronic Data Interchange (EC/EDI) initiatives which are as follows:

1. Exchange procurement information such as solicitations, offers, contracts, purchase orders, invoices, payments, and other contractual documents electronically between the private sector and the Federal government to the maximum practicable extent;

2. Provide businesses, including small, small disadvantaged, and women-owned businesses with greater access to Federal procurement opportunities;

3. Ensure that potential suppliers are provided simplified access to the Federal government's electronic commerce system;

4. Employ nationally and internationally recognized data formats that serve to broaden and ease the

electronic inter-change of data. (These formats are the ANSI ASC X-12 and UNEDIFACT formats); and

5. Use agency and industry systems and networks to enable the Government and potential suppliers to exchange information and access Federal procurement data.

Y. The recipient may add funds to its program after all program funds are properly expended and before expiration of the cooperative agreement's effective period. In the event funds are added to the program, the reimbursable ratio will not be affected and the funds will not require allocation by object class category. However, total funds expended during the effective period must be reported on the DLA Form 1806, Procurement Technical Assistance Cooperative Agreement Performance Report. The expenditure of additional funds shall be made in accordance with the applicable cost principles.

Z. If the recipient charges or plans to charge a fee or service charge for PTA given to business firms/clients, or receives any other income as a result of operating the PTACAP, the amount of such reimbursement must be added to total program cost.

3-2 Scope

This procedure implements Title 10, U.S.C., Chapter 142, as amended, and establishes procedures and guidelines for the award and administration of cost sharing cooperative agreements entered into between DLA and eligible entities. Under these agreements, financial assistance provided by DoD to recipients will cover the DoD share of the cost of establishing new and/or maintaining existing PTA programs which furnish PTA to business entities.

b. Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. "Minor" modifications means modifications that do not significantly alter the nongovernmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value

and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;

4. Any combination of items meeting the requirements of paragraph 1., 2., 3., or 5. of this definition that are of a type customarily combined and sold in combination to the general public;

J. Cooperative agreement. A binding legal instrument reflecting a relationship between DLA and the recipient of a cooperative agreement when the principal purpose of the relationship is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by a law of the United States instead of acquiring property or services for the direct benefit or use of the US Government. Substantial involvement is expected between DLA and the recipient when

carrying out the activity contemplated in the agreement.

K. Cooperative agreement

Application. An applicant's response to the SCAA describing its planned PTA program.

The distribution of publications, specifications, bid matches or simply referring business firms/clients to another source for advice or assistance is not a counseling session.

O. Direct cost. Any cost that can be identified specifically with a particular final cost objective. No final cost objective shall have allocated to it as a direct cost any cost, if other costs incurred for the same purpose, in like circumstances, have been included in any indirect cost pool to be allocated to that or any other final cost objective.

P. Distressed area. The geographical area to be serviced by an eligible entity in providing PTA to business firms physically located within an area that:

3-5 Procedures

A. The SCAA and selection criteria are developed and prepared by the Headquarters (HQ), DLA PTA Cooperative Agreement Program Manager (hereafter referred to as Program Manager). The SCAA and selection criteria are approved by the HQ DLA PTA Cooperative Agreement Program Policy Committee (hereafter referred to as Policy Committee). The Policy Committee is comprised of representatives from HQ DLA. The Director, office of Small and Disadvantaged Business utilization, serves as the Policy Committee Chairman.

B. The Policy Committee is the final administrative appeal authority for disputes and protests.

C. Grants Officer (GO) as used herein refers to the GO assigned to HQ DLA Office of Small and Disadvantaged Business Utilization.

D. Applications and revisions received after the deadline for receipt of applications, as specified in the SCAA, will not be evaluated unless acceptable evidence is provided by the applicant. Acceptable evidence to support an otherwise late application or revision received after the closing time and date shall consist of:

1. An original U.S. Post Office receipt for registered or certified mail showing the date of mailing not later than five calendar days before the date specified for receipt of applications and revisions; or

2. When sent by U.S. Postal Service Express Mail Next Day Service—Post Office to Addressee, the date entered by the Post Office receiving clerk on the "Express Mail Next Day Service—Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the US Postal Service. The postmark date must be two working days prior to the date specified for receipt of applications. The term working days excludes weekends and Federal holidays. Applicants should request the postal clerk to place a legible hand cancellation "bull's-eye" postmark on both the receipt and envelope or wrapper.

3. If the application or revision is hand delivered, the specific time and delivery date shall be supported by a receipt given by the GO or designated representative.

E. The evaluation of applications and selection of award recipients resulting from responses to the SCAA shall be conducted as detailed below:

1. The GO will evaluate each application received to determine if the application: (i) offers at least a county or equivalent coverage; (ii) contains sufficient management, technical, cost, and other required information; (iii) has been signed by a responsible official authorized to bind the eligible entity; and (iv) otherwise meets the requirements of the SCAA. Applications that fail to meet the requirements of the SCAA will be removed from further consideration for an award by the GO and the applicant will be promptly notified of the reason for removal. The applicant's application will be retained with any other unsuccessful application(s) by the GO.

2. Program status classification. The GO will review and verify the accuracy of the applicant's program status stated

in item 8, "Type of Application" of the Standard Form (SF) 424. If the GO considers the program status misclassified, the matter will be reviewed with the applicant. If the applicant and the GO cannot agree, the GO will determine the applicant's program status based upon the information contained in the application at the time the solicitation closed. The GO's decision regarding the program's status is final.

3. Minor informalities and mistakes. The GO shall provide an applicant the opportunity to cure any deficiency resulting from a minor informality or irregularity contained in the offer or waive the deficiency, whichever is to the advantage of the Government. A minor informality or irregularity is one that is merely a matter of form and not of substance. It also pertains to some immaterial defect in an offer or variation of an offer from the exact requirements of the solicitation that can be corrected or waived without being prejudicial to other applicants. The defect or variation is immaterial when the effect on program quality is negligible when contrasted with the program's total cost. Two examples of minor informalities include the failure of the applicant to: (i) return the required number of copies of its application; and (ii) execute the certifications required by the SCAA clauses.

a. In cases of apparent mistakes and in cases where the GO has reason to believe that a mistake may have been made, the GO shall request verification from the applicant that the offer "should read as stated" calling attention to the suspected mistake. Any clerical mistake apparent in the offer may be corrected by the GO. Examples of apparent mistakes are: (i) obvious misplacement of a decimal point; (ii) incorrect transposition of numbers; and (iii) obvious mistake in identifying the program status (existing versus new start program). The GO shall obtain from the applicant a written verification of the offer intended.

b. Correction of a mistake by the GO shall be effected by attaching the verification to the original offer. The GO shall not make corrections on the application. Corrections shall be restated in the cooperative agreement award document, if the applicant receives an award.

c. If an applicant request permission to correct a mistake, and clear and convincing evidence establishes the existence of the mistake, the GO may make a determination permitting the applicant to correct the mistake. The determination to allow correction of mistakes will be made provided that

both the existence of the mistake and the application actually intended are established by clear and convincing evidence from the solicitation and application.

4. Notification of application removal from consideration for an award. The GO will notify the applicant by certified mail (return receipt requested) if its application is removed from further consideration for an award.

5. Duplicate coverage. An application shall not duplicate more than 25%, on an individual or cumulative basis, any of the counties or equivalent (for the general program) or any of the reservations (for the Indian program) proposed by other applicants. When the GO determines that two or more applicants are proposing to provide duplicate coverage in excess of 25%, selection priority will be given to the applicant that is determined to be best qualified by the evaluation team. Only one statewide program (under the general program) will be awarded in a state.

6. Each application will be reviewed by an evaluation team consisting of two procurement functionals, one technical functional, and one small business functional. Each evaluation factor will receive individual adjectival ratings (highly acceptable, acceptable, marginally acceptable, and unacceptable) based on the merit of the applicant's support for the particular evaluation element. The team will then collectively assess the overall application, taking into consideration the strengths and weaknesses of the application as it relates to each individual evaluation factor. A single adjectival rating will be assigned to the application which will be used to determine final award status. Applicants should be aware that ultimate award and inclusion into the DLA PTACAP may depend on funding limitations and constraints placed upon the Agency.

7. Award. The award recommendations are approved by the Program Manager and executed by the GO.

3-6 Evaluation Plan

A. Selection Procedures

1. This section outlines the procedures the Government will use during the selection process for the FY 96 PTACAP. The Government contemplates that multiple awards will be made from the applications submitted for the PTACAP. The Government at its discretion may select multiple applicants to perform PTACAP requirements at statewide and other

than statewide coverage levels provided that any individual application shall not duplicate any counties or equivalent (general program), or reservations (Indian program), proposed by other applicants.

2. The section entitled Evaluation Criteria describes the criteria the Government will use to select those applicants that provide the best overall value to satisfy PTACAP requirements. Evaluation criteria (in order of importance) are:

- a. Past Performance (Existing Programs Only);
- b. Management;
- c. Technical Qualifications;
- d. Service Area (geographic and demographic characteristics); and
- e. Cost Realism.

3. Information provided regarding past performance will be evaluated by the Government to determine the applicant's ability to perform PTACAP requirements. Applicants selected for the basic award will be considered for award of option(s) if their demonstrated performance is equal or better than that required by the base year or first option year cooperative agreement award and a satisfactory or better performance rating is received from the cognizant contract administration activity. In the absence of acceptable performance by the original awardee, other applicants may be selected to complete the option period(s).

4. Although cost realism is of lesser importance, the importance of cost realism could increase among applicants that are rated equally or nearly equal. Should applicants become equal or nearly equal in terms of the factors shown above, other factors listed below may be used as discriminating elements for determining the selection of applications among otherwise substantially equal applicants. These factors in descending order of importance are:

- a. Duplication of effort;
- b. Demographic make-up, to include population, unemployment, and labor surplus area coverage;
- c. Alternative methods employed to stimulate outreach efforts aimed at small disadvantaged businesses; and,
- d. Other strengths and weaknesses of note demonstrated in the application.

5. The recommendation of applicants to participate in the PTACAP will be made by the Evaluation Team based on an integrated assessment of all applications submitted in response to the solicitation and other terms and conditions agreed upon prior to award. The integrated assessment will involve a determination by the Government of the overall value of each proposal

judged in terms of the applicant's capability. Throughout the evaluation process, the Government will independently identify deficiencies within the applications. The team will collectively assess the overall application, taking into account the strengths and weaknesses of the application as it relates to each individual evaluation factor. A single adjectival rating will be assigned to the application, which will be used to determine final award status.

B. Evaluation Criteria

1. Past Performance (Existing Programs Only)

a. The Government will evaluate the quality of the applicant's past performance. The assessment of the past performance will be used in two (2) ways:

(1) First, the assessment of the offeror's performance will be used as one means of evaluating the credibility of the applicant's application. A record of marginal or unacceptable past performance may be considered an indication that the representations made by the applicant are less than reliable. Such an indication may be reflected in the overall assessment of the applicant's application.

(2) Second, the assessment of the applicant's past performance will be used as one means of evaluating the relative capability of the applicant and the other applicants to meet the performance requirements of the PTACAP. Thus, an applicant with an exceptional record of past performance may receive a more favorable evaluation than another whose record is acceptable, even though both may have otherwise equally acceptable applications.

b. In investigating an applicant's past performance, the Government will consider the information in the applicant's proposal and information obtained from other sources, such as past and present clients, other Government agencies, and others who may have useful information.

c. Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. It will not be based on absolute standards of acceptable performance. The Government is seeking to determine whether the offeror has consistently demonstrated a commitment to client satisfaction and timely delivery of quality service at reasonable costs. This is a matter of judgement. Applicants may be given an opportunity to address especially unfavorable reports of past performance,

and the applicant's response or lack thereof will be taken into consideration.

d. By past performance, the Government means the applicant's record of conforming to the PTACAP requirements, including the administrative aspects of performance, reputation for reasonable and cooperative behavior, commitment to client satisfaction, and generally, the applicant's businesslike concern for the interests of the client.

2. Management

a. The proposed management team will be rated to determine the degree of experience offered by the team proposed and the likelihood of successful management under the PTACAP.

b. Management will be evaluated to determine whether it meets the PTACAP requirements.

c. The application will be evaluated to determine the financial strength and soundness of the organization. The availability of resources under the application will also be assessed. The strength of the plan will be assessed to determine the adequacy of the plan proposed.

3. Technical Qualifications

Understanding of and ability to meet PTACAP requirements by the personnel involved for this factor will be evaluated to determine the extent to which it meets the program requirements and the likelihood of success of the PTACAP as it relates to these requirements. Benefits will be evaluated in terms of management substance and achievability.

4. Service Area (Geographic and Demographic Characteristics)

a. The service area will be evaluated based upon the population to be serviced as well as the unemployment conditions in the area to determine the scope and nature of the coverage proposed.

b. Demographic characteristics will be evaluated including the total population of the state and the percentage of the population to be served and the unemployment conditions in the area. The unemployment rate for the most recent 24 month period for which statistics are available will be used in this process.

c. Service area will be evaluated to assess the extent to which the program maximizes coverage and achieves PTACAP requirements and objectives.

5. Cost Realism

Cost realism will be evaluated on the basis of the applicant's ability to project cost which indicates an understanding

of the nature and scope of the work required. The costs proposed will also be evaluated for reasonableness. Reasonableness is a judgement of the proposed program costs as compared to expected needs of the PTACAP, appropriate indices and other relevant measures. Implicit in the assessment is the need to establish that any application considered for an award must also be realistic with respect to the relationship of the cost to the level of performance proposed. This determination is critical to determining the offeror's understanding of the PTACAP requirements and probability of successful performance. Upon a determination of cost realism, a comparison of proposed costs will be made to the other evaluation factors and the Evaluation Team will make a decision as to which applications represent the best value to the Government. It is to be noted that this assessment will be a subjective judgement as to the relative value of the applications received. The Government reserves the right to verify any and all aspects of each applicant's application.

3-7 Evaluation Factors

Applications will be evaluated for merit and compliance with the PTACAP's solicitation requirements. In order to provide full consideration of the applicant's qualification for an award, each applicant should ensure that the information furnished is factual current, accurate, and complete. The content should be presented in a manner that will allow evaluators to determine the applicant's understanding of the SCAA, the operating environment desired in PTA centers, and how the applicant's overall concept meets requirements of the SCAA. Failure to provide the information requested may result in a determination that the application is unacceptable and will be removed from further consideration for an award. The Government reserves the right to verify information provided by the applicant for evaluation purposes and to request additional supporting information, if needed. The evaluation factors (in their order of importance) are:

A. Past Performance (Existing Programs Only). Applicants having no record of past performance under a DLA PTACAP will receive a neutral rating for this evaluation factor. A neutral rating for new programs will have no adverse effect on the determination for award. Each applicant will be evaluated on its most recent 12-month performance period (prior to 1 April 1996) under the existing solicitation regarding compliance with requirements;

management of the program; and, ability to account for and document associated costs. The applicant must summarize the requirements in its most recent 12-month performance period and describe how its program satisfied those requirements to include jobs generated and/or retained and justification for any funds that were or will be deobligated. Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. The most recent copy of the cognizant contract administration activity's evaluation report must be provided. The following criteria will be used to evaluate the application:

1. Highly acceptable—The application must demonstrate a high degree of success in satisfying all PTA Program requirements during the most recent 12-month performance period. The cognizant administration activity's evaluation report must substantiate that the applicant has an above average program.

2. Acceptable—The application must demonstrate that the applicant has met all PTA Program requirements during the most recent 12-month performance period. The cognizant administration activity's evaluation report must substantiate that the applicant has an adequate program.

3. Marginally acceptable—The application must demonstrate that the applicant has satisfied most of the PTA Program requirements during the most recent 12-month performance period. The cognizant administration activity's evaluation report must substantiate that the applicant has implemented most program requirements.

4. Unacceptable—The applicant has fulfilled few of the PTA Program requirements during the most current 12-month performance period. The cognizant administration activity's evaluation report must substantiate that the applicant has an inadequate program.

Note: Limit this discussion to 4 single-spaced, type-written pages.

B. Management

Each applicant will be evaluated on its management approach to successfully implement the PTA Program. The applicant shall describe the methods and procedures it plans to employ to manage the PTA Program in an efficient and effective manner. The applicant's approach will be rated to determine the degree of experience offered and the likelihood of successful management under the concept proposed. In addition, the evaluation will include an assessment of the overall strength and soundness of the

organization. The following criteria will be used to evaluate the application:

1. Highly acceptable—The applicant has fully demonstrated that the techniques and methodology it intends to employ will enable it to exceed all PTA Program requirements during the period of performance.

2. Acceptable—The applicant has demonstrated that the techniques and methodology it intends to employ are adequate and that its management approach will enable it to satisfy all PTA Program requirements.

3. Marginally acceptable—The applicant has minimally demonstrated that the management techniques and methodology it intends to employ will satisfy most of the PTA Program requirements.

4. Unacceptable—The applicant has not demonstrated an adequate understanding of the management techniques and methodology needed to successfully operate a PTA Program and satisfy requirements.

Note: Limit this discussion to 3 single-spaced, type-written pages.

C. Technical Qualifications

Each applicant will be evaluated on the qualifications of its personnel regarding the number of years of procurement experience, including government and industry experience, procurement related training, and education. The applicant must describe how its personnel fulfills these requirements. The following criteria will be used to evaluate the application:

1. Highly acceptable—The majority of the applicant's professional personnel have at least four years of acquisition experience; a baccalaureate degree, preferably in business related subject; and, have experience in operating a PTA Center or equivalent type organization.

2. Acceptable—The majority of the applicant's professional personnel have at least two years of acquisition experience; a baccalaureate degree, preferably in business related subject; and, have experience in operating a PTA Center or equivalent type organization.

3. Marginally acceptable—The majority of the applicant's professional personnel do not have more than one year of acquisition experience; have a baccalaureate degree, preferably in business related subject; and, have at least some experience in operating a PTA Center or equivalent type organization.

4. Unacceptable—The majority of the applicant's professional personnel do not have at least one year of acquisition experience; do not have a baccalaureate degree; and, have no experience in

operating a PTA Center or equivalent type organization.

Note: Limit this discussion to 2 single-spaced, type-written pages.

D. Service Area (geographic and demographic characteristics)

Each applicant will be evaluated on the population base the applicant identifies and the unemployment level in the area to be serviced. Demographic characteristics will be evaluated including the total population of the State and the percentage of the population to be served and the unemployment conditions in the area. The following criteria will be used to evaluate the application:

1. Highly acceptable—The applicant will service an area that consists of the lesser of either: (i) at least one million residents or (ii) at least 75% of the population of the State. In addition, the level of unemployment in the area to be serviced must be at least 1.25 times the national unemployment rate for the most recent 24 month period for which statistics are available.

2. Acceptable—The applicant will service an area that consists of the lesser of either: (i) at least five hundred thousand residents or (ii) at least 50% of the population of the State. In addition, the level of unemployment in the area to be serviced must be at least equal to the national unemployment rate for the most recent 24 month period for which statistics are available. In the event that the level of unemployment in the area to be serviced is at least 1.5 times the national unemployment rate for the most recent 24 month period for which statistics are available, then the number of residents to be serviced need only to exceed three hundred and fifty thousand.

3. Marginally acceptable—The applicant will service an area that consists of the lesser of either: (i) two hundred and fifty thousand residents or (ii) at least 25% of the population of the state. In addition, the level of unemployment in the area to be serviced must be at least equal to the national unemployment rate for the most recent 24 month period for which statistics are available. In the event that the level of unemployment in the area to be serviced is at least 1.5 times the national unemployment rate for the most recent 24 month period for which statistics are available, then the number of residents to be serviced need only to exceed one hundred and fifty thousand.

4. Unacceptable—The applicant will service an area that consists of neither: (i) two hundred and fifty thousand residents for areas where the level of unemployment in the area to be

serviced is less than 1.5 times the national unemployment rate for the most recent 24 month period for which statistics are available or one hundred and fifty thousand where the level of unemployment in the area to be serviced is at least 1.5 times the national unemployment rate for the most recent 24 month period for which statistics are available or (ii) at least 25% of the population of the State.

Note: Limit this discussion to 1 single-spaced, type-written page.

E. Cost Realism

Each applicant's response to this element will be evaluated for reasonableness and realism in managing cost. Implicit in the assessment is the need to demonstrate the relationship of the estimated overall program cost to the proposed level of performance. The applicant shall describe the measures intended to control, account for, and document relevant costs. For example, describe the ratio of program management cost to counselor cost and the ratio of program management cost to total program cost, with an objective of optimizing the percent of total program cost to be spent on direct counseling and assistance to clients. Unrealistic cost reflected in the application will be deemed indicative of the applicant's inability to perform the PTA Program. Such applications may also reflect lack of understanding of the complexity or the risks in scope of the requirement. As such, they will no longer be considered eligible for award.

The following criteria will be used to evaluate the application:

1. Highly acceptable—The applicant must demonstrate that its approach to cost management satisfies all PTA Program requirements in an above average manner.

2. Acceptable—The applicant must demonstrate that its approach to cost management is adequate to satisfy all PTA Program requirements.

3-9 Cost Sharing Limitations

A. General program.

1. The DoD share of net program cost shall not exceed 50%, except in a case where an eligible entity meets the

criteria for a distressed area. When the prerequisite conditions to qualify as a distressed area are met, the DoD share may be increased to an amount not to exceed 75%. In no event shall the DoD share of net program cost exceed \$150,000 for programs providing less than statewide coverage or \$300,000 for programs providing statewide coverage.

2. Consultant services provided by private nonprofit and/or profit making individuals, organizations or otherwise qualified business entities may be used to augment a cooperative agreement recipient's internal capabilities subject to the 10% total program cost limitation.

B. American Indian Program.

1. The DoD share shall not exceed 75% of net program cost or \$150,000 for a program providing service on reservations within one BIA service area, or \$300,000 for a program providing multi-area coverage.

2. Consultant services provided by private nonprofit and/or profit making individuals, organizations or otherwise qualified business entities may be used to augment a cooperative agreement recipient's internal capabilities subject to the 25% total program cost limitation.

C. The type and value of third-party in-kind contributions is limited to no more than 25% of total program cost. Third-party in-kind contributions shall meet the requirements set forth by subparagraphs 3-10E and 3-10F below.

D. Indirect cost and/or indirect rate used in the application are subject to downward revision only.

E. The applicant shall submit a copy of the current negotiated indirect rate memorandum issued by its cognizant Federal agency.

F. Indirect cost for educational institutions shall be limited to actual cost incurred for administration expenses and cannot exceed 26%.

3-10 Cost Sharing Criteria

A. Cost contributions may be either direct or indirect costs, provided such costs are otherwise allowable in accordance with the applicable cost principles. Allowable costs which are absorbed by the applicant as its share of costs may not be charged directly or indirectly or may not have been previously charged, in part or in whole, to the Federal Government under other contracts, agreements, or grants.

B. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant.

C. Program income or other Federal funds, that are not authorized for use by Federal statute, (excluding loan guarantee agreements since these do not provide for disbursement of Federal

funds) are not acceptable for use as the applicant's cost matching funds. Inclusion of other Federal funds in the program as part of total program cost is subject to authorization by Federal statute and the terms of the instrument containing such funds or written advice obtained from the agency awarding the Federal funds. Any Federal funds used by the eligible entity, other than the DoD PTA Cooperative Agreement Program funds, must be disclosed and identified in the eligible entity's proposal.

D. Neither costs nor the values of third party in-kind contributions may count toward satisfying a cost sharing or matching requirement of the SCAP if they have been or will be counted toward satisfying a cost sharing or matching requirement of another Federal grant, a Federal procurement contract, or any other award of Federal funds.

E. All applicant contributions, including cash and third party in-kind, shall be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the following criteria; (1) are verifiable from the records of recipients, subrecipients, or cost-type contractors (these records must show how the value placed on third party in-kind contributions was derived and to the extent feasible, volunteer services must be supported by the same methods that the organization uses to support the allocability of regular personnel costs); (2) are not included as contributions for any other federally-assisted project or program; (3) are necessary and reasonable for proper and efficient accomplishment of the project or program objectives; (4) are allowable under the applicable cost principles; (5) are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching; (6) are provided for in the budget and (7) conform to other provisions for uniform administration requirements under the applicable OMB Circular.

F. Third party in-kind contributions may satisfy a cost sharing or matching requirement only when the payments would be allowable costs if the party receiving the contributions were to pay for them. Some third party in-kind contributions are goods and services that would have been an indirect cost if the recipient, subrecipient or contractor had been required to pay for them. Cost sharing or matching credit for such contributions may be given only if the recipient, subrecipient or contractor has established, along with its regular indirect cost rate, a special rate for

allocating to individual projects or programs the value of the contributions.

G. Where distressed funding (greater than 50%) is requested and the civil jurisdiction(s) which the applicant plans to service is both distressed and nondistressed, two budgets must be submitted identifying the anticipated distribution of total program cost between these two areas. In addition, the recipient's accounting system must segregate and accumulate costs in each of the two budget areas.

H. Recipients of PTA cooperative agreements are required to maintain records adequate to reflect the nature and extent of their costs and expenditures, and to ensure that their required cost participation is achieved.

3-11 *Option To Extend the Term of the Cooperative Agreement*

A. A SCAA will be issued every third fiscal year, i.e., 1996, 1999, etc. Cooperative agreements will be awarded for a base year with one or two option periods of twelve months each.

B. The awarding of a cooperative agreement for a base year with one or two option periods of twelve months each does not guarantee the recipient that an option(s) will be exercised. The Government at its sole discretion may elect not to exercise an option(s), to exercise an option(s) or to replace an existing program with either another existing or new start program. The determination to exercise or not to exercise an option will be made on a program by program basis. Duplicate coverage, the number of DLA funded PTA centers operating in a state and DoD funds available may be considered when deciding to or not to exercise an option.

C. An option may be exercised by the Government providing the recipient's:

1. Demonstrated performance is equal or better than that required by the base year or first option year cooperative agreement award and a satisfactory or better performance rating is received from the cognizant administrative contracting officer.

2. Technical capability is equal or better than that required by the base year or first option year cooperative agreement award.

3. Cost matching funds are available.

4. Five client success stories that resulted from the direct and exclusive effort of the PTA center are verified by the Government and—

5. No other new application(s) (existing or new start) are received by DLA that can provide similar or better services at a lower cost to the Government.

D. The Government shall give the cooperative agreement recipient a preliminary written notice of its intent to extend the cooperative agreement performance period no later than 120 calendar days prior to the end of the Government's current fiscal year (1 October thru 30 September). The preliminary notice does not commit the government to an extension. The Government may extend the effective period of the cooperative agreement by giving written notice to the cooperative agreement recipient no later than 105 calendar days after issuance of the preliminary notice.

E. New applications for cooperative agreements must be submitted no earlier than 1 April and received no later than 30 April of each calendar year. The application shall be prepared in accordance with the most recent solicitation for cooperative agreement application. Generally, awards will be made during the month of July.

1. Applications received prior to April 30, 1996, if selected to receive an award, will be awarded for a base year with two option periods of twelve months each.

2. Applications received prior to April 30, 1997, if selected to receive an award, will be awarded for a base year with one option period of twelve months.

3. Applications received prior to April 30, 1998, if selected to receive an award, will be awarded for a base year only.

4. The base year application submitted prior to 30 April 1996 or 1997, unless otherwise extended, must include separate SF 424s and SF 424As for the option year(s). Detailed budget information for the option year(s) is not required to be submitted with the base year application. However, the net program cost and geographic area of coverage shall be the same for the option period(s) as that provided for the base year.

F. The notice of award for the base year will provide funding for a 12-month period only. Option year(s) are subject to the availability of funds as set forth by the clause entitled "Availability of funds."

G. Option Year(s) requirements.

Upon receipt of the Government's preliminary written notice of its intent to extend, at least 120 calendar days prior to the end of the Government's current fiscal year, the cooperative agreement recipient that desires exercising of the option, shall prepare and submit, to the Grants Officer no later than 30 calendar days after receipt of the Government's preliminary notice, the following:

1. Completed SF 424A for the option year with a complete narrative justification for budgeted costs.

2. Completed goal work sheet.

3. Copy of its current negotiated indirect cost rate agreement, if there are any changes.

4. Certification of cost match.

5. Updated personnel form.

6. Five client success stories that resulted from the direct and exclusive effort of the PTA center.

7. The number of jobs generated and/or retained resulting from the procurement technical assistance provided by the recipient.

8. A summary of its most recent 12-month performance period, description of how its program satisfies the criteria set forth below and justification for any funds that were deobligated.

H. Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. The most recent copy of the contract administration activity's Evaluation Report must be provided.

1. Highly acceptable—The application must demonstrate a high degree of success in satisfying all PTA Program requirements during the most current 12-month performance period. The evaluation report must substantiate that the applicant has an above average program.

2. Acceptable—The application must demonstrate that the applicant has met all PTA Program requirements during the most recent 12-month performance period. The evaluation report must substantiate that the applicant has an adequate program.

3. Marginally acceptable—The application must demonstrate that the applicant has satisfied most of the PTA Program requirements during the most recent 12-month performance period. The evaluation report must substantiate that the applicant has implemented most program requirements.

4. Unacceptable—The applicant has fulfilled few of the PTA Program requirements during the most recent 12-month performance period. The evaluation report must substantiate that the applicant has an inadequate program.

Note: Limit this discussion to 3 single-spaced, type-written pages.

3-12 *Administration*

A. Cooperative agreements with state and local governments, nonprofit organizations and Indian economic enterprises will be assigned to the cognizant Defense Contract Management Command for administration. Cooperative agreements with educational institutions will be assigned to the Office of Naval Research for administration.

B. The organization having cognizance for postaward administration will periodically review the recipient's performance under the cooperative agreement to include:

1. management control systems;
2. financial management systems;
3. progress being made by the recipient in meeting its program requirements; and
4. compliance with certifications, representations and other performance factors. The cognizant Deputy for Small Business will be the focal point for the Administrative Contracting Officer for small business issues and for all recipient publication and training requests.

C. For recipients covered by OMB Circular No. A-102, Grants and Cooperative Agreements with State and Local Governments, or OMB Circular No. A-110, Grants and Agreements with Institutions of Higher Education, Hospitals and other Non-profit Organizations, the administrative requirements specified in those circulars will apply.

D. Each state and local entity that receives Federal funding is required to have audits performed in accordance with the requirements of OMB Circular A-128. Nonprofit organizations and institutions of higher education are required to have audits performed in accordance with the requirements of OMB Circular A-133. Indian economic enterprises (for profit only) will have audits performed in accordance with the requirements of OMB Circular A-133. Recipients shall submit one copy of any audit report that results from any audit performed pursuant to the requirements of the PTA cooperative agreement to the Office of the Assistant Inspector General for Audit, Policy and Oversight, Office of the Inspector General, 400 Army-Navy Drive, Room 1076, Arlington, VA 22202-2884.

E. The following OMB Circulars will be used to determine allowable costs in performance of the program:

1. OMB Circular No. A-21, Cost Principles for Educational Institutions;
2. OMB Circular No. A-87, Cost Principles for State and Local Governments; and
3. OMB Circular No. A-122, Cost Principles for Nonprofit Organizations. This circular will also be used by for-profit organizations.
