

Allowable Costs

The basis for determining allocable and allowable costs to be charged to PHS grants is set forth in 45 CFR Part 74, Subpart Q and 45 CFR Part 92 for State, local or tribal governments. The four separate sets of cost principles prescribed for public and private non-profit recipients are: OMB Circular A-87 for State, local or tribal governments; OMB Circular A-21 for institutions of higher education; 45 CFR Part 74, Appendix E for hospitals; and OMB Circular A-122 for non-profit organizations.

Reporting and Other Requirements

A successful applicant under this notice will submit an annual activity summary report in accordance with provisions of the general regulations which apply under 45 CFR Part 74, Subpart J, "Monitoring and Reporting of Program Performance," with the exception of State and local governments to which 45 CFR Part 92, Subpart C reporting requirements apply. The applicant must be prepared to collaborate with other funded projects working with similar populations in developing an evaluation strategy.

Federal Smoke-Free Compliance

The Public Health Service strongly encourages all grant and contract recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children.

Public Health System Reporting Requirements

This program is subject to the Public Health System Reporting Requirements which have been approved by the Office of Management and Budget under No. 0937-0195. Under these requirements, any community-based, non-governmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to keep State and local health officials apprised of proposed health services grant applications submitted from within their jurisdictions.

All applicants are required to submit, no later than the Federal due date for receipt of the application, the following information to the administrator of the State and local health agencies and to the State and local AIDS program director in the area(s) to be impacted by

the proposal: (1) a copy of the face page of the application (SF 424); and, (2) a summary of the project, not to exceed one page, which provides: (a) a description of the population to be served; (b) a summary of the services to be provided; and, (c) a description of the coordination planned with the appropriate State or local health agencies. Copies of the letters forwarding the PHSIS to these authorities must be contained in the application materials submitted to this program.

Executive Order 12372

The Special Projects of National Significance Grant Program has been determined to be a program subject to the provisions of Executive Order 12372, concerning intergovernmental review of Federal Programs, as implemented by 45 CFR Part 100. Under urgent conditions, the Secretary may waive any provision of this regulation. (See 45 CFR Part 100.13.) The Secretary has waived 45 CFR Part 100 due to the compelling need to get funds to grantees.

The OMB *Catalog of Federal Domestic Assistance* number for the Special Projects of National Significance is 93.928.
