

Research, NC, to take listed shortnose sturgeon as authorized by the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-222). The applicants requested a 2-year permit to take shortnose sturgeon in the rivers of NC, to determine their distribution and habitat use. Adult shortnose sturgeon will be collected by gillnetting, weighed, measured, photographed, tagged, have tissue samples taken, and be released. Up to 10 of these adult shortnose sturgeon will be tagged with an ultrasonic transmitter, and tracked. Eggs and larvae will be collected to gather information on spawning sites. On February 14, 1996, as authorized by the ESA, NMFS issued Permit 984 authorizing this research.

Notice was published on September 28, 1995 (60 FR 50189) that an application had been filed by the US Fish and Wildlife Service. The applicant requested authorization for a 5-year scientific research permit to take listed shortnose sturgeon in the Southeast US. The purpose of the research is to develop strategies that can be applied by fisheries managers to aid in the recovery of shortnose sturgeon populations. Research will be conducted mainly on non-releasable captive shortnose sturgeon and their progeny, with a maximum take in the wild of 50 adult fish annually for population assessment and biological comparison with hatchery fish. Wild fish will be released following measurement, tagging, and the collection of tissue samples. On February 23, 1996, as authorized by the ESA, NMFS issued Permit 986 for this research.

Issuance of these permits, as required by the ESA, was based on a finding that such permits: (1) Were applied for in good faith, (2) will not operate to the disadvantage of the listed species that is the subject of the permits, and (3) are consistent with the purposes and policies set forth in section 2 of the ESA.

**ACTION:** Proposed Additions to Procurement List.

**SUMMARY:** The Committee has received proposals to add to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

**COMMENTS MUST BE RECEIVED ON OR BEFORE:** April 8, 1996.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

**FOR FURTHER INFORMATION CONTACT:** Beverly Milkman (703) 603-7740.

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the possible impact of the proposed actions.

If the Committee approves the proposed additions, all entities of the Federal Government (except as otherwise indicated) will be required to procure the commodities and services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List.
