

themselves, family members or others. The matching program identifies employees who are involved in financial conflict of interest, fraud, misrepresentation, or other situations in violation of Postal Service standards of conduct.

C. Authority for Conducting the Match: Sections 401 and 404 of title 39, United States Code, grant the Postal Inspection Service the power to conduct civil and criminal investigations of violations of postal laws, including attempts to corrupt the postal procurement process and defraud the Postal Service. This computer matching program is also consistent with the Inspection Service's Inspector General authority to address fraud, waste, and abuse in the agency.

D. Records to be Matched: This computer matching program involves one Privacy Act system of records, "USPS 050.020, Finance Records—Payroll System," which was most recently published in its entirety in the Federal Register on December 4, 1992 (57 FR 57517–57518) and amended in the Federal Register on November 22, 1993 (58 FR 61718–61719). That system contains Postal Service employee data that are compared with data in the Postal Service's vendor payment files (these files relate to businesses and, therefore, are not covered by the Privacy Act). Matches are made on the basis of like expanded ZIP Codes. For each hit (matched 9-digit ZIP Codes), the employee's name, address, social security number, occupation, and pay location are extracted from the payroll file; the vendor's name, address, vendor number, account number, finance number, year-to-date amount paid, and most recent payment date are extracted from the vendor file.

E. Description of Computer Matching Program: A match of nine-digit ZIP Codes indicates whether the employee's home address and the vendor's address are the same physical geographical location. No adverse action is taken based solely on such a match; the match merely indicates a need for further review to determine whether investigation is warranted. Review includes an identification of the transaction and examination of procurement files, employee records, and/or information from other sources from which verification of identity and compliance with postal procurement policy can be made. Where review indicates potential misconduct, case files may be established within the parameters of USPS 080.010, Inspection Requirements—Investigative File System (last published in its entirety in the Federal Register on March 20, 1991

(56 FR 11798–11805)). Where it is established that misconduct is present, administrative disciplinary action and/or prosecution may be initiated.

However, no such action may be taken until the individual has received notice of adverse findings and has been given an opportunity to contest them, as required by Pub. L. 100–503.

Chief Counsel, Legislative.

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application to Withdraw from Listing and Registration; (Mobile Mini, Inc., Common Stock, \$.01 Par Value; Warrants) File No. 1-12804

March 5, 1996.

Mobile Mini, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified securities ("Securities") from listing and registration on the Pacific Stock Exchange Incorporated ("PSE").

The reasons alleged in the application for withdrawing the Securities from listing and registration include the following:

According to the Company, the application for listing on Nasdaq as a National Market Security ("Nasdaq/NMS") was approved by the National Association of Securities Dealers ("NASD") and the Company is now listed on the Nasdaq/NMS. Listing on the Nasdaq/NMS allows market makers in the Company's Securities to instantaneously change the bid and ask quotations of the Company's Securities while the market is open, provided that they comply with rules promulgated by the NASD. There are currently 19 market makers on the Nasdaq/NMS providing a market in the Company's Securities.

The Company believes that listing on both the Nasdaq/NMS and the Exchange

could result in quotation discrepancies, resulting in detrimental fluctuations of the Company's securities. Price discrepancies and other market inefficiencies could result in arbitrage trading which could be detrimental to the Company's stockholders. Additionally, the Company is subject to fees assessed by both the Exchange and the NASD and believes that the interests of its stockholders are best served by withdrawal from listing and registration on the Exchange in order to avoid duplicate fees. The Company further believes that listing on the Nasdaq/NMS will enable current shareholders to facilitate trades in the Company's securities in the most cost-effective manner.

Any interested person may, on or before March 26, 1996, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (Simula, Inc., Common Stock, \$.01 Par Value; 12% Senior Subordinated Notes (Series 1993) Due 1998) File No. 1-12410

March 5, 1996.

Simula, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified securities ("Securities") from listing and registration on the American Stock Exchange, Inc. ("Amex").

The reasons alleged in the application for withdrawing the Securities from listing and registration include the following:

According to the Company, in addition to being listed on the Amex, the Securities are listed on the New

York Stock Exchange, Inc. ("NYSE"). The Securities commenced trading on the NYSE at the opening of business on January 31, 1996 and concurrently therewith the Securities were suspended from trading on the Amex.

In making the decision to withdraw the Securities from listing on the Amex, the Company considered the direct and indirect costs and expenses attendant with maintaining the dual listing of the securities on the NYSE and on the Amex. The Company does not see any particular advantage in the dual trading of the Securities and believes that dual listing would fragment the market for the Securities.

Any interested person may, on or before March 26, 1996, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street NW., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.
