## DEPARTMENT OF DEFENSE

### Department of the Army

#### **Final Environmental Impact Statement (FEIS) on the Disposal and Reuse of the BRAC Parcel at Tooele Army Depot, Tooele, Utah**

**AGENCY:** Department of the Army, DOD.

**ACTION:** Notice of availability.

**SUMMARY:** The proposed action evaluated by this FEIS is the disposal of the 1700 acre BRAC parcel at Tooele Army Depot, Tooele, Utah in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended.

The FEIS addresses the environmental consequences of the disposal and subsequent reuse of the 1700 acres. Three alternative methods of disposal are analyzed: Encumbered Disposal, Unencumbered Disposal and retention of the property in a caretaker status (i.e., the No Action Alternative). The Encumbered Disposal Alternative addresses natural or man-made encumbrances to the future reuse. The Unencumbered Disposal Alternative evaluates the potential to remove encumbrances, thereby allowing the property to be disposed of with fewer or no Army imposed restrictions on future use. The impacts of reuse are evaluated in terms of land use intensities.

No significant adverse environmental impacts associated with the no action alternative or other disposal alternatives have been identified. The Tooele County Base Reuse Committee submitted a plan for reuse of the BRAC Parcel at Tooele Army Depot. The FEIS acknowledges the Tooele County Base Reuse Committee Reuse Plan as the preferred local reuse plan, and the impacts of that plan are analyzed in the FEIS. Actions associated with realignment of Tooele Army Depot missions are discussed but not

analyzed. Reuse of the parcel is analyzed as an indirect or secondary effect of facility disposal. This environmental Impact Statement analyzes potential environmental and socioeconomic consequences of three reuse scenarios. In contradistinction to our finding of no significant impacts with respect to *disposal alternatives*, added demands on limited water resources, traffic, utility system deficiencies and traffic related air pollutant emissions have been identified as potentially significant impacts under one or more of the *reuse alternatives*.

**DATES:** The public review period for this document ends 30 days after the date of publication of the EPA notice in the Federal Register.

**ADDRESSES:** Copies of the Final Environmental Impact Statement can be obtained by writing to Mr. Glenn Coffee, U.S. Army Corps of Engineers, Mobile District, ATTN: CESAM-PD-E, 109 St. Joseph Street, P.O. Box 2288, Mobile, Alabama 36628-000, telephone (334) 690-2729, telefax (334) 690-2424.1.

Dated: March 5, 1996.

Raymond J. Fatz,

*Acting Deputy Assistant Secretary of the Army, (Environmental, Safety and Occupational Health) OASA (IL&E).*

BILLING CODE 3710-08-M

### Defense Logistics Agency

#### **Privacy Act of 1974; Computer Matching Program Between the Department of Veterans Affairs and the Defense Manpower Data Center of the Department of Defense.**

**AGENCY:** Defense Manpower Data Center, Defense Logistics Agency, Department of Defense.

**ACTION:** Notice of a computer matching program between the Department of Veterans Affairs (VA) and the Department of Defense (DoD) for public comment.

**SUMMARY:** Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD, as the matching agency under the Privacy Act is hereby giving notice to the record subjects of a computer matching program between VA and DoD that their records are being matched by computer. The purpose of this match is to identify disability compensation recipients who return to active duty to insure benefits are

adjusted or terminated, if appropriate, and steps taken to collect any resulting overpayment.

**DATES:** This proposed action will become effective April 10, 1996, and the computer matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comment must be received before the effective date.

**ADDRESSES:** Any interested party may submit written comments to the Director, Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502.

**FOR FURTHER INFORMATION CONTACT:** Mr. Aurelio Nepa, Jr. at telephone (703) 607-2943.

**SUPPLEMENTARY INFORMATION:** Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the DMDC and VA have concluded an agreement to conduct a computer matching program between the agencies. The purpose of the match is to exchange personal data between the agencies to identify disability compensation recipients who have returned to active duty and are therefore ineligible to receive VA compensation.

The parties to this agreement have determined that a computer matching program is the most efficient, expeditious, and effective means of obtaining and processing the information needed by the VA to identify ineligible VA disability compensation recipients who have returned to active duty. Using the computer matching program, information on successful matches (hits) can be provided to VA within 90 days of receipt of a magnetic tape of VA benefits record data. A computer match is the most efficient method, other than a manual search of all active duty military personnel records, to identify such cases if an individual does not report his/her own return to active duty.

A copy of the computer matching agreement between VA and DMDC is available upon request to the public. Requests should be submitted to the address caption above or to the Department of Veterans Affairs, Veterans Benefit Administration, 810 Vermont Avenue, NW, Washington, DC 20420.

Set forth below is the notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching
