Correction

In title 50 of the Code of Federal Regulations, parts 200 to 599, revised as of October 1, 1995, page 147, § 227.72 is corrected by moving paragraphs (B) and (C) in the first column to page 146 to appear after paragraph (e)(2)(iii)(A). The corrected text for paragraph (e)(2)(iii) reads as follows:

§ 227.72 Exceptions to prohibitions.

* * * * *

(e) * * *

(2) * * *

(iii) *Gear requirement—summer flounder trawlers*—(A) *TED requirement.* Except as provided in paragraph (e)(2)(iii)(B) of this section, any summer flounder trawler in the summer flounder fishery-sea turtle protection area must have an approved TED (as defined in § 217.12 of this subchapter) installed in each net that is rigged for fishing. A net is rigged for

fishing if it is in the water, or if it is shackled, tied, or otherwise connected to any trawl door or board, or to any tow rope, cable, pole or extension, either on board or attached in any manner to the summer flounder trawler.

(B) *Monitoring.* Summer flounder trawlers must carry onboard a NMFS-approved observer if requested upon written notification from the Director Southeast Region, NMFS, or the Director, Northeast Region, NMFS, sent to the address specified for the vessel in either the NMFS or state fishing permit application, or to the address specified for registration or documentation purposes, or upon written notification otherwise served on the owner or operator of the vessel. Owners and operators must comply with the terms and conditions specified in such written notification. All NMFS-approved observers will report any violations of this section, or other applicable regulations and laws; such information may be used for enforcement purposes.

(C) *Additional sea turtle conservation measures.* The Assistant Administrator may impose other such restrictions upon summer flounder trawlers as he or she deems necessary or appropriate to protect sea turtles and ensure compliance, pursuant to the procedures of paragraph (e)(6) of this section. Such measures may include, but are not limited to, a requirement to use TEDs in areas other than summer flounder fishery-sea turtle protection area, a requirement to use limited tow-times, and closure of the fishery.
