JUSTIFICATION: The Federal Buildings Fund finances the activities of the Public Buildings Service, which provides space and services for Federal agencies in a relationship similar to that of landlord and tenant. The Fund, established in 1975, replaces direct appropriation by using income derived from rent assessments, which approximate commercial rates for comparable space and services. The Federal Buildings Fund program consists of four activities financed from rent charges: (1) repairs and alternations; (2) installation acquisition payments; (3) rental of space; and, (4) building operations. This proposed rescission would reduce new obligational authority in the repairs and alternations activity, advance design line item, consistent with the President's policies.

ESTIMATED PROGRAM EFFECT: The General Services Administration's ability to accomplish its mission successfully would not be affected by this rescission proposal.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of information collection:

Application for Reimbursement for Hospital Insurance Services in Canada; OMB 3220-0086.

Under Section 7(d) of the Railroad Retirement Act (RRA), the RRB administers the Medicare program for persons covered by the railroad retirement system. Payments are provided, under Section 7(d)(4) of the RRA, for medical services furnished in Canada to the same extent as for those furnished in the United States. However, payments for the services furnished in Canada are made from the Railroad Retirement Account rather than from the Federal Hospital

Insurance Trust Fund, with the payments limited to the amount by which insurance benefits under Medicare exceed the amounts payable under Canadian Provincial plans.

Form AA-104, Application for Canadian Hospital Benefits Under Medicare—Part A, is provided by the RRB for use in claiming benefits for covered hospital services received in Canada. The form obtains information needed to determine eligibility for, and the amount of any reimbursement due the applicant. One response is requested of each respondent. Completion is required to obtain a benefit.

The RRB proposes minor editorial changes to RRB Form AA-104.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form No.(s)	Annual responses	Time (min.)	Burden (hrs.)
AA-104	45	10	8
