

on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 95-502, MM Docket 93-215 and CS Docket 94-28, in which requirements for cable operators for allocating to service cost categories, as set forth in 76.924(e), were modified and adopted on a permanent basis. 76.924(e) now permits cable operators to allocate service costs to three service cost categories, instead of up to seven service cost categories. The third service cost category will simply serve as an "all other" service costs category that captures what operators previously had to allocate to multiple categories.
