## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collections Being Reviewed by FCC for Extension Under Delegated Authority; Comments Requested

March 12, 1996.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. The FCC is reviewing the following information collection requirements for possible 3-year extension under delegated authority 5 CFR 1320 to the Commission by the Office of Management and Budget (OMB).

**DATES:** Written comments should be submitted on or before [insert date 60 days after date of publication in the Federal Register]. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESS:** Direct all comments to Dorothy Conway, Federal Communications, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to dconway@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

#### SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0537.

Title: Section 13.217 Records.

Form No.: N/A.

Type of Review: Extension of existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 15.

Estimated Time Per Response: 1 hour per response.

Total Annual Burden: 15 hours.

**Needs and Uses:** The recordkeeping requirement contained in 13.217 is needed to assure that expenses and revenues collected by examination managers administering the commercial operator examinations are available if needed. If the information were not collected, it is conceivable that fraud and abuse could occur in the commercial radio examination program.

#### SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0061.

Form No.: FCC Form 325 Annual Report of Cable Television Systems.

Type of Review: Extension of approval.

Respondents: Business or other for-profit.

Number of Respondents: 14,000.

Estimated Time Per Response: 2 hours.

Total Annual Burden: 28,000 hours.

**Needs and Uses:** Cable television system operators are required to update the pre-printed information contained on the FCC Form 325 and return the form to the Commission within sixty days of receipt of the form. The FCC Form 325 consists of five parts as follows: Part 1- information concerning the cable television operator including the community and county served, the legal and assumed name used to do business in the community, and the business address of the company. Part 2- information on the community and county in which the cable company operates including the population of the community and/or the county, subscriber count, homes passed, and miles of cable plant. Part 3- frequencies and signals (both broadcast and non-broadcast) distributed throughout the system from a single headend. Part 4- information on the services offered by the cable system including local programs such as time/weather, burglar alarm, utility meter reading, preference polling and facsimile delivery. Part 5- individual responsible for providing the reported information to the Commission.

The data collected on the FCC Form 325 enables the Commission to analyze physical and operational changes on individual cable systems as well as for the entire cable industry. This, in turn, enhances the Commission's ability to analyze competitive issues within the cable industry at the national and state
