Nontemporary Storage (NTS) Program

AGENCY: Military Traffic Management Command (MTMC), DOD.

ACTION: Notice.

SUMMARY: Provide notification of MTMC's intent to increase warehouseman's legal liability from the current \$50 per article or package to \$1.25 times the net weight (in pounds) of the shipment. The increase in liability will be reflected in a change to paragraphs H-6 and C-7h(2) of the Basic Ordering Agreement (BOA) for Storage of Personal Property and Related Services. The increased liability is intended to improve the quality of service, especially in the area of missing items. This action has already been implemented for International Through Government Bill of Lading (ITGBL) shipments, and domestic interstate and intrastate shipments. This action will provide the military service claims offices more equitable recovery of amounts due for personal property lost or damaged while in NTS. The current process for processing claims will remain the same. Contractors will be given the opportunity to submit new NTS rates prior to implementation of this change to the terms and conditions of the BOA. Implementation is scheduled for 1 Nov 96. The following is the change, by paragraph, to the BOA.

Paragraph H-6a., First Sentence:

Liability for Care of Property

a. Except as hereafter provided, and notwithstanding payment for storage and other services, the contractor shall be liable in an amount not exceeding \$1.25 times the net weight (in pounds) of the shipment for any loss or damage to personal property caused by the failure to exercise the care of a reasonably prudent owner of similar property. The contractor shall not be liable for any loss or damage to the personal property which is caused by acts or conditions beyond its control and without fault or negligence.

Paragraph C-7h(2);

Maintain coverage in minimum limits of \$1.25 per pound at each location.
