Surveys of WIC clinic directors and adolescent participants will identify unique needs and determine the extent to which they are met by WIC.

A nationally representative sample of 150 local WIC agencies will be scientifically selected and divided into two subsamples, one containing 100 agencies and the other containing 50 agencies. An average of two clinics will be sampled from each of the 150 WIC agencies in the combined sample. The resulting 300 clinics will support a national survey of 300 WIC clinic directors. Clinic directors will be asked about the needs of adolescent clients, and whether special measures have been taken to meet such needs. The 100 clinics in the larger of the two subsamples will support a national survey of 3,000 adolescent WIC participants. This survey will assess needs of adolescent WIC participants.

*Estimate of Burden:* Public reporting burden is estimated to average 30 minutes for each WIC clinic director and 30 minutes for each adolescent WIC participant.

*Respondents:* WIC clinic directors will respond to a telephone survey. Adolescent WIC participants will respond to an audio computer assisted self-interviewing system.

*Estimated Number of Respondents:* 300 directors of WIC clinics and 3,000 adolescent WIC participants.

*Estimated Number of Responses per Respondent:* one.

*Estimated Total Annual Burden on Respondents:* 1,650 hours.

dated: March 18, 1996.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

[Docket 22-96]

#### Foreign-Trade Zone 43, Battle Creek, Michigan, Application for Subzone Status; Abbott Manufacturing, Inc./ Ross Products, Plant (Infant Formula, Adult Nutritional Products), Sturgis, MI

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Battle Creek Michigan, grantee of FTZ 43, requesting special-purpose subzone status for export activity at the infant formula and adult nutritional products manufacturing plant of Abbott Manufacturing, Inc. (AMI) (a subsidiary of Abbott Laboratories, Inc.), located in Sturgis, Michigan. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part

400). It was formally filed on March 12, 1996.

The plant (624,000 sq.ft. on 76 acres), known as the Ross Products facility, is located at 901 N. Centreville Road, Sturgis (St. Joseph County), Michigan, approximately 45 miles southwest of Battle Creek. The facility (500 employees) is used to produce milk and sugar-based infant formula and adult nutritional products for export and the domestic market; however, zone procedures would be used only for production for export. The production process involves blending foreign, ex-quota milk powder and foreign, ex-quota sugar with domestically-sourced oils, soy isolates, vitamins and minerals, and EZO ends. Other foreign-sourced items that may be used in the export-blending activity include: cocoa powder, pharmaceutical grade fat emulsions, vitamins and minerals, and caseinates (up to 14% of finished product value). All foreign-origin milk and sugar would be re-exported as ingredients in finished blended products.

Zone procedures would exempt AMI from quota requirements and Customs duty payments on the foreign milk and sugar products used in the export activity and from Customs duty payments on the other foreign ingredients involved. The application indicates that subzone status would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 24, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to June 10, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, 4950 West Dickman Road, Battle Creek, MI 49015

Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street & Pennsylvania Avenue NW., Washington, DC 20230-0002.
