During the process of negotiating the compact, the State of Montana and the Bureau of Reclamation hosted numerous public and agency informational meetings. More recently, during the NEPA process, public scoping meetings were held during March 1993. A scoping document containing the schedule for all meetings was mailed to approximately 2100 individuals and entities on the Northern Cheyenne Indian Reservation and surrounding towns and cities. After the scoping process was completed, the draft EIS was completed and sent out for agency and public review and comment in mid 1995. Comments were received and replies are incorporated in the FEIS.

There is a 30-day public comment period for the FEIS. Anyone interested in obtaining a copy of the FEIS and/or wanting more information relative to the study should contact the following persons:
