DEPARTMENT OF TRANSPORTATION

Office of the Secretary

Hellenikon International Airport, Athens, Greece; Notification of Ineffective Security Measures

Pursuant to 49 U.S.C. 44907d(1), on November 22, 1995, I notified the government of the Republic of Greece that I had determined that Hellenikon International Airport, Athens, Greece, did not maintain and carry out effective security measures. Ninety days have elapsed since my determination, and I have found that Hellenikon International Airport still does not maintain and carry out effective security

measures. My determination is based on Federal Aviation Administration assessments which reveal that security measures used at the airport do not meet the standards established by the International Civil Aviation Organization.

Pursuant to 49 U.S.C. 44907d(1), I have directed that a copy of this notice be published in the Federal Register, that my determination be displayed prominently in all U.S. airports regularly being served by scheduled air carrier operations, and that the news media be notified of my determination. In addition, as a result of this determination, all U.S. air carriers and foreign air carriers (and their agents) providing service between the United States and Hellenikon International Airport must provide notice of my determination to any passenger purchasing a ticket for transportation between the United States and Hellenikon International Airport, with such notice to be made by written material included on or with such ticket.

Dated: March 21, 1996.

Federico Peña,
Secretary of Transportation.
