Extension of Time for Receipt of Comments on Proposed Rule on Testing Requirements for Ocean Dumping

AGENCY: Environmental Protection Agency (EPA).

ACTION: Extension of time for receipt of comments on proposed rule on testing requirements for ocean dumping.

SUMMARY: On February 29, 1996, EPA published a proposed rule at 61 FR 7765, clarifying certain provisions of the Agency's ocean dumping regulations relating to testing provisions of the regulations. The proposal stated that written comments on the proposed rule would be accepted until April 1, 1996. EPA has received several requests for an extension of time to comment on the proposed rule, on the grounds that several issues that the rule addresses require additional time for analysis. The Agency has determined that an extension of time is in the public interest, and that an additional 30 days to comment on the proposed rule is reasonable. Consequently, the period for receipt of comments on the proposed rule is extended until May 1, 1996.

DATES: The comment period is extended until May 1, 1996.

It should be noted that this extension of time for comment neither represents any modification of the proposed rule, nor indicates a change in the Agency's interpretation of the existing requirements under the ocean dumping regulations. The extension of time for receipt of comments simply provides those interested parties an additional 30 days to provide comments to the Agency on the proposed rule. All other requirements stipulated in the initial

proposal for receipt of comments still apply.

Dated: March 22, 1996.
