[Docket No. 960308063-6063-01]

RIN 0693-XX15

#### Voluntary Product Standard, Request for Comments on Proposed Withdrawal of PS 73-89

**AGENCY:** National Institute of Standards and Technology (NIST), Commerce.

**ACTION:** Request for comments on proposed withdrawal of Voluntary Product Standard PS 73-89 Glass Bottles for Carbonated Soft Drinks.

**SUMMARY:** NIST announces its intent to withdraw Voluntary Product Standard PS 73-89 Glass Bottles for Carbonated Soft Drinks due to lack of a proponent organization or government agency to cover costs for administrative and technical support services provided by the Department, a requirement for Department sponsorship under Section 10(b)(6) of the Procedures for the Development of Voluntary Product Standards (15 CFR Part 10).

**DATES:** Written objections to the withdrawal of Voluntary Product Standard PS 73-89 Glass Bottles for Carbonated Soft Drinks must be submitted to Barbara M. Meigs, Technical Standards Activities, office of

Standards Services, on or before May 2, 1996.

**ADDRESSES:** Technical Standards Activities, Office of Standards Services, National Institute of Standards and Technology, Room 164, Building 820, Gaithersburg, MD 20899.

**FOR FURTHER INFORMATION CONTACT:** Barbara M. Meigs, Technical Standards Activities, Office of Standards Services, National Institute of Standards and Technology, Tel: 301-975-4025, Fax: 301-926-1559.

**SUPPLEMENTARY INFORMATION:** On October 27, 1995, the Glass Packaging Institute (GPI), the proponent organization that has provided financial support to cover costs for administrative and technical support services for Voluntary Product Standard PS 73-89 Glass Bottles for Carbonated Soft Drinks, notified NIST that it did not intend to renew the financial maintenance agreement for the support of PS 73-89. On November 7, 1995, NIST informed the Standing Committee for PS 73-89 and requested assistance in attempting to identify organizations or agencies that might be interested in assuming financial responsibility for the maintenance of the standard. No interested organizations were identified.

As set out in 10.13(a)(2) of the Procedures, NIST will provide a 30-day period for the filing of written objections to the withdrawal. Such objections will be considered and analyzed by the Director of NIST before a determination is made to withdraw the standard. If the Director determines that the standard does not meet the criteria set in 10.0(b) of the Procedures regarding requirements for sponsorship, the standard will be withdrawn, subject to appeal.

Under Section 10.13(b) of the Procedures, the filing under 10.13(a) to retain a standard shall operate to stay the withdrawal of such standard until the Director's determination has been made. If the Director determines that the requested standard shall be withdrawn, the stay will remain in effect if an appeal is filed in accordance with the requirements of Section 10.14 until the decision of the Director is announced in the Federal Register. If, however, no appeal is received, the Director shall announce withdrawal of the standard. Section 10.14 of the Procedures pertains to the handling of appeals that are filed. A copy of this section of the Procedures may be obtained, upon request, from the contact person listed in this notice.

Voluntary Product Standards PS 73-89 Glass Bottles for Carbonated Soft Drinks was developed under the Procedures for the Development of

Voluntary product Standards (15 CFR Part 10) of the U.S. Department of Commerce to improve and maintain safety performance of glass bottles designed as containers for carbonated soft drinks. It covers conventional refillable and nonrefillable glass bottles that have a nominal capacity of not more than 36 fluid ounces, and that are intended for use in the packaging of soft drinks carbonated to a maximum of five volumes.

Authority: 15 U.S.C. 272.

Dated: March 27, 1996.

Samuel Kramer,

Assistant Director.
