3. The form number if applicable: Not applicable.
4. How often the collection is required: As necessary in order for NRC to assess the adequacy of proposed seismic design bases and the design bases for other geological hazards for nuclear power plants constructed and licensed in accordance with 10 CFR Part 50 and the Atomic Energy Act of 1954, as amended.

5. Who will be required or asked to report: Applicants and licensees for nuclear power plants.
