BILLING CODE 4310-55-P

Availability of an Environmental Assessment/Habitat Conservation Plan and Receipt of Application for Incidental Take Permit for Construction of One Single Family Residence on 1109 Patterson Rd., Lot 4, Angelwylde, Section 1, Travis County, TX

AGENCY: U.S. Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: Paul A. Locus (Applicant) has applied to the Fish and Wildlife Service for an Incidental Take Permit pursuant to Section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned permit number 809215. The requested permit, which is for a period of 1 year, would authorize the incidental take of the endangered golden-cheeked warbler (*Dendroica chrysoparia*). The proposed incidental take would occur as a result of the construction of one single family residence at 1109 Patterson Rd., Lot 4, Angleywylde, Section 1, Austin, Travis County, Texas.

The Fish and Wildlife Service has prepared an Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of whether jeopardy to the species will result from this action, or a Finding of No Significant Impact (FONSI), will not be made before 30 days from the date of publication of this notice. The notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on these documents should be submitted on or before May 3, 1996.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103.

Persons wishing to review the EA/HCP may obtain a copy by contacting Joseph E. Johnston or Mary Orms, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758, (512/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 to 4:30) at the U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application and EA/HCPs should be submitted to the Field Supervisor, Ecological Services Field Office, Austin, Texas (see address above). Please refer to permit number 809215 when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Joseph E. Johnston or Mary Orms at the above Austin Ecological Services Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Fish and Wildlife Service, under limited circumstances, may issue permits to take endangered wildlife species when such take is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant

Paul A. Locus plans to construct a single family residence on 1109 Patterson Rd., Lot 4, Angelwylde, Section 1, Austin, Travis County, Texas. This action will eliminate less than 1 acre of warbler habitat and indirectly impact less than one-half additional acre of golden-cheeked warbler habitat. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by placing \$1,500.00 into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler. Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Nancy Kaufman,

Regional Director, Region 2, Albuquerque,
New Mexico.
