

FOR FURTHER INFORMATION CONTACT: Joseph E. Johnston or Mary Orms at the above Austin Ecological Services Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant

Jalil and Judy Mirzadegan plan to construct three single family residences, one each on Lots 54, 55 and 83, and a driveway on Lot 82, located on Arkansas Bend Peninsula, north of Fawn Ridge Circle, Austin, Travis County, Texas. This action will eliminate less than 1.5 acres of golden-cheeked warbler habitat and indirectly impact less than 1.5 additional acres of golden-cheeked warbler habitat per residence on Lots 54, 55, 82 and 83. The applicant proposes to compensate for this habitat loss by placing \$1,500 for each residence to be constructed into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling the subject property with federally listed species present, or not developing the property is not economically feasible.

Regional Director, Region 2, Albuquerque, New Mexico.
