Substitute First Revised Eleventh Revised Sheet No. 201

Original Volume No. 2, Effective Date of October 1, 1991

Substitute First Revised Substitute Twenty-Fifth Revised Sheet No. 2.3

Northwest states that the purpose of this filing is to comply with the Commission's March 1, 1996 Order on Rehearing and Compliance Filing (March 1 Order) in Docket No. RP91-166-028, et al., by submitting tariff

sheets reflecting adjusted commodity supplier settlement payment (SSP) surcharges. Northwest states that it has increased the billing determinants underlying the commodity SSP surcharges that were in effect during the period from July 1, 1991 through March 31, 1993 to reflect all interruptible volumes that were transported at maximum rates during that period. As a result, Northwest states, the commodity SSP surcharges for the three months beginning October 1, 1991 have been revised from those filed by Northwest on June 19, 1995 in this docket. The commodity SSP surcharges filed on June 19 applicable to the other months contained in that filing have not been revised because the increase in billing determinants did not result in lower commodity SSP surcharges when rounded to four decimal places.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
