SUPPLEMENTARY INFORMATION:

Title: Food Security Supplement to the Current Population Survey.

OMB Number: Not yet assigned.

Form Number: None.

Expiration Date: N/A.

Type of Request: New Collection of Information.

Abstract: The U.S. Bureau of the Census will supplement the September, 1996 Current Population Survey with questions regarding household food shopping, food sufficiency, coping mechanisms and food scarcity, and concern about food sufficiency. This supplement was also appended to the CPS in April, 1995. These data will be used to develop a scale of food security reflecting a range from food secure households through households experiencing severe food insecurity. Ultimately, this scale will be used to identify the prevalence of poverty-linked food insecurity and hunger experienced in the United States. The purpose of this project is to provide a consistent measure of the extent and severity of food insecurity that will aid in policy decision making. The supplemental survey instrument has been developed in conjunction with food security experts nationwide as well as survey method experts within the Census Bureau. This supplemental information will be collected by both personal visit and telephone interviews in conjunction with the regular monthly CPS interviewing. All interviews are conducted using computers.

Affected Public: Individuals or households.

Estimated Number of Respondents: 58,000.

Estimated Time per Response: 9 minutes.

Estimated Total Annual Burden: 8,700 hours.

Dated: April 4, 1996.

William E. Ludwig,

Administrator, Food and Consumer Service.
