

Commission of the United States, United States Department of Justice.

4. Affected public who will be asked to respond, as well as a brief abstract: Primary: Individuals; businesses and other for-profit entities; not-for-profit institutions. Other: None.

The information collected will be used to compile an accurate and comprehensive Registry of claimants and claims against Iraq, in preparation for the adjudication of those claims upon enactment of authorizing legislation. If such legislation is not passed, the information collected will be used to assure that all claims are taken into account in connection with any claims settlement negotiations that may be held with a future government of Iraq.

5. Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 3,000 responses at an average of 1 hour per response.

6. Estimate of the total public burden (in hours) associated with the collection: 3,000 annual burden hours at \$10 per hour for a total burden cost of \$30,000.

Public comment on this proposed information collection is strongly encouraged.

Dated: April 9, 1996.

Robert B. Briggs

Department Clearance Officer, United States Department of Justice.

BILLING CODE 4410-01-M

Immigration and Naturalization Service

Agency Information Collection Activities: Revision of Existing Collection; Comment Request

ACTION: Notice of Information Collection Under Review; Inter-Agency Record of Individual Requesting Change/Adjustment To or From A or G Status; or Requesting A, G, or NATO Dependent Employment Authorization.

The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" from the date listed at the top of this page in the Federal Register.

Request written comments and suggestions from the public and affected agencies concerning the proposed collection of information. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

If you have additional comments, suggestions, or need a copy of the proposed information collection instrument with instructions, or additional information, please contact Richard A. Sloan, 202-616-7600, Director, Policy Directives and Instructions Branch, Immigration and Naturalization Service, U.S. Department of Justice, Room 5307, 425 I Street NW., Washington, DC 20536. Additionally, comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time may also be directed to Mr. Richard A. Sloan.

Overview of this information collection:

(1) Type of Information Collection: *Revision of a currently approved collection.*

(2) Title of the Form/Collection: Inter-Agency Record of Individual Requesting Change/Adjustment To or From A or G Status; or Requesting A, G, or NATO Dependent Employment Authorization.

(3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form I-566. Office of Examinations, Adjudications, Immigration and Naturalization Service.

(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or Households. This information will help facilitate processing of application benefits filed by dependents of diplomatic, international organizations, and NATO personnel by the Immigration and Naturalization Service and the Department of State.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 4,400 responses at 15 minutes (.250) per response.

(6) An estimate of the total public burden (in hours) associated with the collection: 1,100 annual burden hours.

If additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street NW., Washington, DC 20530.

Dated: April 10, 1996.

Robert B. Briggs,

Department Clearance Officer, United States Department of Justice.

BILLING CODE 4410-18-M

Office of Justice Programs

Office of Juvenile Justice and Delinquency Prevention

AGENCY: Information Collection
Activities: Proposed collection; comment request.

ACTION: Notice of information collection under review; a survey of law enforcement, prosecutors, social services providers, and non-profit agencies to determine which communities have a multi-agency response to missing and exploited children.

The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" from the date listed at the top of this page in the Federal Register.

Request written comments and suggestions from the public and affected agencies concerning the proposed collection of information. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques of

other forms of information technology, e.g., permitting electronic submission of responses.

If you have additional comments, suggestions, or need a copy of the proposed information collection instrument with instructions, or additional information, please contact Mr. Mike L. Medaris, Program Manager, Office of Juvenile Justice and Delinquency Prevention at 202-616-8937. Additionally, comments may be submitted to the Department of Justice, (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Department Clearance Officer, Suite 850, 1001 G Street, NW., Washington, DC 20530. Additionally, comments may be submitted to DOJ via facsimile to 202-514-1534.

The proposed collection is listed below:

- (1) Type of information collection. New collection.
- (2) The title of the form/collection. A survey of law enforcement, prosecutors, social services providers, and non-profit agencies to determine which communities have a multi-agency response to missing and exploited children.
- (3) The agency form number, if any, and the applicable component of the Department sponsoring the collection. Form: None. Office of Juvenile Justice and Delinquency Prevention, Office of Justice Programs, United States Department of Justice.
- (4) Affected public who will be asked or required to respond, as well as a brief abstract. Primary: State or Local. Other: Non-profit agencies. The information collected will be used policy makers; criminal justice practitioners who respond to missing and exploited children cases; service providers who work with these cases; researchers; and others involved in missing and exploited youth cases.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 750 respondents to complete a one-time 15 minute mail survey.

(6) An estimate of the total public burden (in hours) associated with the collection: 112 annual burden hours.

If additional information is required contact: Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street NW., Washington, DC 20530.

Dated: April 10, 1996.
Robert B. Briggs,

BILLING CODE 4410-18-M

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed new collection of the COMP2000: Phase I. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before June 17, 1996. BLS is particularly interested in comments which help the agency to:

- evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSEE: Send comments to Karin G. Kurz, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 3255, 2 Massachusetts Avenue NE., Washington, DC 20212. Ms. Kurz can be reached on 202-606-7628 (this is not a toll free number).

SUPPLEMENTARY INFORMATION:

I. Background

This collection comprises Phase I in the implementation of the new COMP2000 program. The COMP2000 survey, when fully in place, will allow the statistical series now generated by three separate BLS compensation programs—Occupational Compensation Surveys Program (OCSP), Employment Cost Index (ECI), and Employee Benefits Survey (EBS)—to be jointly produced. Data of these type are critical for setting Federal white-collar salaries, in determining monetary policy (as a Principal Economic Indicator), and are widely used by compensation administrators and researchers in the private sector. The need to decrease the cost of gathering and processing these statistics while improving their quality, along with reducing the burden on respondents, is driving the creation of the new program.

II. Current Actions

The transition to a jointly collected and processed survey will begin with the replacement of the current OCSP wage levels data with those from the COMP2000 program. A new, area-based sample will be used beginning in October 1996 to collect wage levels. A new way of identifying and classifying occupations in establishments will be implemented along with the new sample. Area and national bulletins replacing the OCSP publications will be produced.

Another part of Phase I requires that testing be done to determine how to best update wage rates and also on revised methods for collecting benefit costs and provisions. These activities will be critical in allowing ECI-type indexes and data similar to EBS incidence and provisions information to be generated when Phase II of COMP2000 begins.

Type of Review: New collection.
Agency: Bureau of Labor Statistics.
Title: COMP2000: Phase I.
Affected Public: Business or other for-profit; Not-for-profit institutions; and State, Local or Tribal Government.
Total Respondents: 34,282.
Frequency: Annually, with some quarterly testing.
