(iii) In cases where cable system operators offer remote control capability with cable system terminal devices and other customer premises equipment that is provided to subscribers, they shall advise their subscribers that remote control units that are compatible with that equipment may be obtained from other sources, such as retail outlets. Cable system operators shall also provide a representative list of the models of remote control units currently available from retailers that are compatible with the customer premises equipment they employ. Cable system operators are required to make a good faith effort in compiling this list and will not be liable for inadvertent omissions. This list shall be current as of no more than six months before the date the consumer education program is distributed to subscribers. Cable operators are also required to encourage subscribers to contact the cable operator to inquire about whether a particular remote control unit the subscriber might be considering for purchase would be compatible with the subscriber's customer premises equipment.

Note to § 76.630: The provisions of paragraphs (a) and (b) of this section are applicable July 31, 1994, and June 30, 1994, respectively. The provisions of paragraphs (c) and (d) of this section are applicable October 31, 1994, except for the requirement under paragraph (c) of this section for cable system operators to supply cable system terminal devices with dual tuners (as needed), which is applicable October 31, 1995. The initial offer of special equipment to all subscribers, as required under paragraph (c) of this section, shall be made by October 31, 1994.

47 CFR Part 73

[MM Docket No. 95-170; RM-8721; RM-8753]

Radio Broadcasting Services; Campton and Frenchburg, KY

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of James P. Wagner, allots Channel 279A at Campton, Kentucky, as the community's first local aural transmission service (RM-8721). See 60 FR 58038, October 24, 1995. At the request of James P. Gray, we also dismiss the counterproposal proposing the allotment of Channel 279A at Frenchburg, Kentucky, as the community's first local aural transmission service (RM-8753). Channel 279A can be allotted to Campton in compliance with the Commission's minimum distance separation requirements without the imposition of a site restriction. The coordinates for Channel 279A at Campton are North Latitude 37-44-06 and West Longitude 83-32-48. With this action, this proceeding is terminated.

DATES: Effective June 3, 1996. The window period for filing applications will open on June 3, 1996 and close on July 3, 1996.
