

Department's Interim Regulations, 19 CFR 353.22(h). Therefore, we are initiating the new shipper review as requested. However, it is the Department's usual practice with non-market economies to require information regarding de jure and de facto government control over a company's export activities to establish its eligibility for an antidumping duty rate separate from the country-wide rate. Accordingly, we will issue a separate rates questionnaire to BMSP and seek additional information from the PRC government, as appropriate, allowing 30 days for response. If the responses from BMSP and the PRC government adequately demonstrate that BMSP is not subject to de jure and de facto government control with respect to its exports of CDIW, the review will proceed. If, on the other hand, BMSP does not demonstrate its eligibility for a separate rate, BMSP will be deemed to be affiliated with other companies that exported during the POI which did not establish their entitlement to a separate rate and the review will be terminated.

If this review proceeds normally, we will issue the final results of review not later than February 16, 1997. The period to be reviewed is the seven months immediately preceding the semi-anniversary month of March 1996, which includes August 1, 1995 through February 29, 1996.

Antidumping duty proceeding	Period to be reviewed
People's Republic of China: Certain Compact Ductile Iron Waterworks Fittings and Glands .....	08/01/95- 02/29/96
A-570-820 Beijing M Star Pipe Corp., Ltd.	

We will instruct the U.S. Customs Service to allow, at the option of the importer, the posting, until the completion or termination of the review, of a bond or security in lieu of a cash deposit for each entry of the merchandise in accordance with section 751(a)(2)(B)(iii) and Interim Regulation 19 CFR 353.22(h)(4) (1995).

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 353.34(b).

This initiation and this notice are in accordance with section 751(a)(2)(B) of the Act and Interim Regulation 19 CFR 353.22(h).

Dated: April 19, 1996.  
Joseph A. Spetrini,  
*Deputy Assistant Secretary for Compliance.*

**National Institute of Standards and Technology**

**Meeting of the Fastener Quality Act Advisory Committee**

**AGENCY:** National Institute of Standards and Technology, DoC.  
**ACTION:** Meeting notice.

**SUMMARY:** The National Institute of Standards and Technology (NIST) will hold a meeting of the Fastener Advisory Committee on May 15-16, 1996. The meeting will be for the purpose of reviewing implementing regulations for the Fastener Quality Act (P.L. 101-592, as amended by P.L. 104-113), and for discussing other subjects dealing with implementation of the Act (e.g. scheduling of workshops for industry, training of enforcement officials, etc.).

**DATES:** The meeting will be held on May 15, 1996, from 9:00 a.m. to 5:00 p.m., and on May 16, 1996, from 8:30 a.m. to 5:00 p.m. or earlier if so adjourned.

**ADDRESSES:** The meeting will be held on the Green Auditorium of the Administration Building (101), located on the grounds of NIST at the intersection of Quince Orchard and Clopper Roads, Gaithersburg, Maryland 20899.

**AGENDA:** The Committee will review draft implementing regulations for the amended Fastener Quality Act. The committee will also discuss a suggested format and content for regional workshops designed to familiarize fastener manufacturers, distributors, and importers with the requirements of the Fastener Quality Act and implementing regulations.

**PUBLIC PARTICIPATION:** The meeting is open to the public. Attendance shall be on a first-come, first-serve basis in so far as seating is concerned, up to the reasonable and safe capacity of the meeting room (298 persons). The public may file written statements with the Advisory Committee by forwarding them to David Edgerly at the address below. An effort shall be made to set aside a portion of the meeting for public participation. To the extent that the meeting time and agenda permits, interested persons will be allowed to present oral statements or to participate in the discussions.

**FOR FURTHER INFORMATION CONTACT:** Mr. David E. Edgerly, Deputy Director, Technology Services, National Institute

of Standards and Technology, Building 820, Rm. 306, Gaithersburg, Maryland, 20899, Telephone 301-975-4510.

Dated: April 22, 1996.  
Samuel Kramer,  
*Associate Director.*

**National Oceanic and Atmospheric Administration**

**Public Hearing on the Draft Environmental Impact Statement and Draft Management Plan for the Proposed Mullica River-Great Bay National Estuarine Research Reserve in New Jersey**

**AGENCY:** Sanctuaries and Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

**ACTION:** Public hearing notice.

**SUMMARY:** Notice is hereby given that the Sanctuaries and Reserves Division, of the Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce, will hold public hearings for the purpose of receiving comments on the Draft Environmental Impact Statement and Draft Management Plan (DEIS/DMP) prepared on the proposed designation of the Mullica River-Great Bay National Estuarine Research Reserve in New Jersey. The DEIS/DMP address research, monitoring, education and resource protection needs for the proposed reserve.

The Office of Ocean and Coastal Resource Management will hold public hearings at 3:00 p.m. and at 7:00 p.m. on Friday, May 31, 1996, at the Rutgers University Marine Field Station Dorm, 132 Great Bay Boulevard, Tuckerton, New Jersey 08087.

The views of interested persons and organizations on the adequacy of the DEIS/DMP are solicited, and may be expressed orally and/or in written statements. Presentations will be scheduled on a first-come, first-heard basis, and may be limited to a maximum of five (5) minutes. The time allotment may be extended before the hearing when the number of speakers can be determined. All comments received at the hearing will be considered in the preparation of the Final Environmental Impact Statement (FEIS) and Draft Management Plan.
