

Texas 75266-0065, proposes to amend 40 CFR 180.472 by establishing a regulation to permit the residues of the insecticide/miticide imidacloprid (1, [chloro-3-pyridinyl]methyl-*N*-nitro-2-imidazolidinimine on the raw agricultural commodities field corn, forage at 0.10 ppm, field corn, fodder at 0.20 ppm and field corn, grain at 0.05 ppm.

8. *PP 6H5743*. Agrevo Environmental Health, 95 Chestnut Ridge Rd., Montvale, NJ 07645 proposes to amend 40 CFR parts 185 and 186 by establishing tolerances at 3 ppm for residues of the insecticide *d*-trans-chrysanthemum monocarboxylic acid ester of *dl*-2-allyl-4-hydroxy-3-methyl-2-cyclopenten-1-one in or on all food items in food handling establishments and all feed handling establishments when applied in accordance with conditions prescribed in the pesticide petition. (PM 10)

A record has been established for this rulemaking under docket number [PF-649] (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Room 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:
opp-docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the Virginia address in "ADDRESSES" at the beginning of this document.

Proposed Prospective Purchaser Agreement for the Former Vygen Corporation and Olin Corporation Facilities at the Fields Brook Superfund Site; 42 U.S.C. 9622(h)

AGENCY: U.S. Environmental Protection Agency ("U.S. EPA").

ACTION: Proposal of Prospective Purchaser Agreement for the former Vygen Corporation and Olin Corporation facilities at the Fields Brook Superfund Site.

SUMMARY: U.S. EPA proposes to address the prospective purchase by Vision Properties, Inc. ("the Settling Respondent") of the Vygen property ("the Property"), which contains the former Vygen Corporation and Olin Corporation facilities at the Fields Brook Superfund site ("the Site") in Ashtabula County, Ohio. The Site consists of Fields Brook and its watershed and contains a number of industrial facilities including the former Vygen and Olin facilities. U.S. EPA intends to enter into a Prospective Purchaser Agreement ("Agreement") with the Settling Respondent in order to address the potential liability of the Settling Respondent. The key terms and conditions of the Agreement may be briefly summarized as follows: (1) The Settling Respondent agrees to, in regard to the Property, (a) collect and remove all existing sediment from within the existing storm sewers and the concrete pond and bring such sediment to an acceptable off-site landfill, and upgrade the storm sewers on the Property to prevent Property contamination from having an easy route for release to Fields Brook; and/or (b) collect and remove all existing sediment from the concrete pond, plug all existing storm sewers and storm drainage outflow pipes and if Settling Respondent also plans to replace the existing storm sewer system with a stormwater drainage system, it shall avoid areas of the Property which have been contaminated from previous site activities; (2) the Settling Respondent agrees to grant to EPA and Ohio an irrevocable right of access at all

reasonable times to the Property and to any other property to which access is required for the implementation of response actions at the Site, for the purposes of performing and overseeing response actions at the Site under Federal law; and (3) U.S. EPA affords the Settling Respondent a covenant not to sue or take any other civil or administrative action against Settling Respondent for any and all civil liability for injunctive relief or reimbursement of response costs pursuant to Section 106 or 107(a) of CERCLA, 42 U.S.C. 9606 or 9607(a) with respect to the Existing Contamination. The Site is on the National Priorities List (NPL) and further response activities at the Site are contemplated, but these activities are not anticipated to involve the Vygen and Olin facilities.

DATES: Comments on the proposed AOC must be received by U.S. EPA on or before May 28, 1996.

ADDRESSES: A copy of the proposed AOC is available for review at U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please contact Michael Berman at (312) 886-6837, prior to visiting the Region 5 office.

Comments on the proposed AOC should be addressed to Michael Berman, Office of Regional Counsel, U.S. EPA, Region 5, 77 West Jackson Boulevard (Mail Code CS-29A), Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Michael Berman at (312) 886-6837, of the U.S. EPA Region 5 Office of Regional Counsel.

A 30-day period, commencing on the date of publication of this notice, is open pursuant to Section 122(i) of CERCLA, 42 U.S.C. 9622(i), for comments on the proposed AOC. Comments should be sent to the addressee identified in this notice.

Valdas V. Adamkus,

Regional Administrator, U.S. Environmental Protection Agency, Region 5.
