Recognizing that the allotment of Channel 233A would be short-spaced to the proposed allotment of Channel 233C at Vancouver, British Columbia, we have determined that no potential interference would result from this allotment. Therefore, since the Shelton is located within 320 kilometers (200 miles) of the U.S.-Canadian border, concurrence of the Canadian government for the allotment of Channel 233A has been obtained as a specially-negotiated allotment. With this action, this proceeding is terminated.
