BILLING CODE 4810-31-U

DEPARTMENT OF EDUCATION

34 CFR Parts 11, 50, 302, 358, 631, 632, 633, 634, 635, 653, 769, 770, 771, 772, 776, 777, 785, 786, 787, 788, 789, and 791

Removal of Regulations

AGENCY: Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends the Code of Federal Regulations (CFR) to remove unnecessary and obsolete regulations. As a result of new legislation, absence of funding, and review in accordance with the President's regulatory reinvention initiative, the Secretary has determined that these regulations are no longer needed or will become unnecessary in the future. The Secretary takes this action to remove the regulations from the CFR.

EFFECTIVE DATE: Parts 11, 302, 358, 631, 632, 633, 634, 635, 653, 785, 786, 787, 788, 789, and 791 are removed effective May 29, 1996. Parts 50, 769, 771, 772, and 777 are removed effective October 1, 1996. Parts 770 and 776 are removed effective October 1, 1997.

FOR FURTHER INFORMATION CONTACT: Kenneth C. Depew, U.S. Department of Education, Room 5112, FB-10, 600 Independence Avenue, SW., Washington, DC 20202-2241. Telephone: (202) 401-8300. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: President Clinton's memorandum of March 4, 1995, titled "Regulatory Reinvention Initiative," directed heads of departments and agencies to review all existing regulations to eliminate those that are outdated and modify others to increase flexibility and reduce burden. The Department has undertaken a thorough review of its existing regulations and has identified the regulations removed by this document as obsolete or unnecessary. Additional obsolete and unnecessary regulations were previously removed on May 23, 1995 (60 FR 27223) as part of the Regulatory Reinvention Initiative. Based on this review, the Secretary also withdraws the notice of proposed rulemaking issued for 34 CFR Part 50 on March 1, 1993 (58 FR 11924).

The regulations being removed are no longer necessary to administer the program, have been superseded by new legislation, or were issued to implement a program that is no longer funded. To the extent that regulations are needed to implement new legislation, they will be issued separately from this document. Any determination to issue new regulations will be carefully considered to ensure that it is consistent with the President's regulatory reform efforts and the principles in Executive Order 12866.

The Department is continuing to review its other existing regulations thoroughly in consultation with its customers and partners. To the extent the Secretary can identify further opportunities for regulatory reinvention, the Secretary will propose appropriate amendments to revise or eliminate outdated provisions, reduce burden, and increase flexibility.

Waiver of Proposed Rulemaking

In accordance with the Administrative Procedure Act (5 U.S.C. 553), it is the practice of the Secretary to offer interested parties the opportunity to comment on proposed regulations. However, these regulations merely reflect statutory changes and remove unnecessary and obsolete regulatory provisions. Removal of the regulations does not establish or affect substantive policy. Therefore, the

Secretary has determined, pursuant to 5 U.S.C. 553(b)(B), that public comment is unnecessary and contrary to the public interest.

Paperwork Reduction Act of 1980

These regulations have been examined under the Paperwork Reduction Act of 1980 and have been found to contain no information collection requirements.

Assessment of Educational Impact

Based on its own review, the Department has determined that the regulations in this document do not require transmission of information that is being gathered by or is available from any other agency or authority of the United States.

Approval and Promulgation of State Implementation Plan; Wisconsin; Gasoline Storage Tank Vent Pipe, Traffic Marking Materials, and Solvent Metal Cleaning SIP Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is approving, through the direct final procedure, revisions to the Wisconsin State Implementation Plan (SIP) for ozone that were submitted on February 17, 1995 and April 12, 1995. These revisions require the control of volatile organic compound (VOC) emissions from the following sources: gasoline storage tanks, the application of traffic marking materials, and solvent metal cleaning operations. These regulations were submitted to generate reductions in VOC emissions, which the State will use to fulfill the 15 percent requirement of the amended Clean Air Act. In the proposed rules section of this Federal Register, the EPA is proposing approval of, and soliciting comments on, these requested SIP revisions. If adverse comments are received on this action, the EPA will withdraw this final rule and address the comments received in response to this action in a final rule on the related proposed rule, which is being published in the proposed rules section of this Federal Register. A second public comment period will not be held. Parties interested in commenting on this action should do so at this time. This approval makes federally enforceable the State's rules that have been incorporated by reference.

DATES: This action will be effective June 28, 1996, unless adverse comments are received by May 29, 1996. If the effective date is delayed, timely notice will be published in the Federal Register.

ADDRESSES: Written comments should be sent to: Carlton T. Nash, Chief, Regulation Development Section, Air Toxics and Radiation Branch (AT-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the proposed SIP revision and EPA's analysis are available for inspection at the U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson
