

B. Executive Order 12866

The Office of Management and Budget has exempted this action from Executive Order 12866 review.

C. Regulatory Flexibility Act

The EPA's actions under section 502 of the Act do not create any new requirements, but simply address operating permits programs submitted to satisfy the requirements of 40 CFR part 70. Because this action does not impose any new requirements, it does not have a significant impact on a substantial number of small entities.

List of Subjects in 40 CFR Part 70

Environmental protection, Administrative practice and procedure, Air pollution control, Intergovernmental relations, Operating permits, Reporting and recordkeeping requirements.

40 CFR Part 300

[FRL-5461-3]

National Oil and Hazardous Substances Pollution Contingency Plan National Priorities List

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Deletion Amnicola Dump Superfund Site Chattanooga, Tennessee from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 announces the deletion of the Amnicola Dump Superfund Site from the National Priorities List (NPL), Appendix B of 40 CFR Part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA and the State have determined that all appropriate Fund-financed responses under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, have been implemented and that no further cleanup is appropriate. Moreover, EPA and the State have determined that remedial actions conducted at the site to date have been protective of public health, welfare and the environment. This deletion does not preclude future action under Superfund.

EFFECTIVE DATE: May 15, 1996.

FOR FURTHER INFORMATION CONTACT: Robert West, Remedial Project Manager, U.S. Environmental Protection Agency, Region 4, North Superfund Remedial Branch, 345 Courtland Street, N.E., Atlanta, Georgia 30365, (404) 347-7791, extension 2033.

SUPPLEMENTARY INFORMATION: The Site to be deleted from the NPL is: Amnicola Dump Superfund Site in Chattanooga, Tennessee.

A Notice of Intent to Delete for this site was published on February 22, 1996, (FR-5436-5). The closing date for comments on the Notice of Intent to Delete was March 22, 1996. EPA received no comments.

EPA identifies sites that appear to present a significant risk to the public health, welfare and the environment and it maintains the NPL as the list of those sites. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the future. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution control, Chemicals, Hazardous Waste, Hazardous substances, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, and Water supply.

Dated: April 4, 1996
Phyllis P. Harris,
Acting Deputy Regional Administrator, U.S. EPA Region 4.

For reasons set out in the preamble, 40 CFR Part 300 is amended as follows:

PART 300—[AMENDED]

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 76

[CS Docket No. 96-85, FCC 96-154]

Telecommunications Act of 1996

AGENCY: Federal Communications Commission.

ACTION: Interim and final rules.

SUMMARY: This Order implements sections of the Telecommunications Act of 1996 ("1996 Act"). The Order establishes rules conforming the Commission's rules to statutory mandates that became effective upon enactment of the 1996 Act. Although all rules promulgated pursuant to this Order are "final," the Commission recognizes that some rules, apart from those implementing the explicit language of the 1996 Act, should be viewed as "interim" rules subject to revision in the near future based on comments and information received in an associated Notice of Proposed Rulemaking ("NPRM") that has been released concurrently with this Order and published in this issue of the Federal Register. This Order implements rules related to the 1996 Act's cable reform provisions, including the definition of effective competition, the cable rate complaint process, the sunset of cable programming service tier regulation, small cable operators, uniform rate requirements, subscriber notice of service and rate changes, technical standards, cable system buy out restrictions, program access, the definitions of cable system and cable
