

three years of negative urinalysis test results, demonstrating his successful efforts of recovery since 1992. He also continues to attend three AA meetings a week and counseling sessions with Dr. Wolborsky.

In light of the above, the Deputy Administrator agrees with Judge Tenney's conclusion that "[u]nder these circumstances, revocation would be too harsh a sanction. * * * While it is true that [the Owner] has violated some of the Board's probationary conditions, these violations were relatively minor and do not outweigh in balance his continuing recovery from his addiction."

Therefore, the Deputy Administrator adopts Judge Tenney's recommendation and orders the Respondent's DEA Certificate of Registration, BE1740770, suspended for a period of six months. However, the Deputy Administrator also takes note of the Respondent's exception to the start date of this suspension, for the Owner has been without authorization to handle controlled substances at the Bertha Avenue location since his relocation in 1994. Such lack of authorization resulted in a *de factor* suspension dating from April of 1994. Given the totality of the circumstances in this case, the Deputy Administrator has determined that the suspension of the Respondent's registration should be given an effective date of October 20, 1995, the date Judge Tenney issued his opinion with which the Deputy Administrator totally concurs. Therefore, on or after April 20, 1996, the Respondent may apply for a modification of its DEA registration to change the address of the pharmacy, and if the Owner's circumstances remain consistent with the facts in this record, the modification may be given favorable consideration.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823, and 28 CFR 0.100(b) and 0.104, hereby orders that the DEA Certificate of Registration, BE1740770, belonging to East Towne Save Rite Pharmacy, be, and it hereby is, suspended for a period of six months, which period to have commenced on October 20, 1995, and to conclude on April 20, 1996. Furthermore, given the Respondent's interest in being authorized to apply for a modification of its DEA Certificate of Registration as soon as possible, the Deputy Administrator concludes that it is in the Respondent's interest, as well as in the public's interest, for this order to be effective upon publication in the Federal Register, and it is so ordered.

Dated: April 24, 1996.
Stephen H. Greene,
Deputy Administrator.
