Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff

April 26, 1996.

Take notice that on April 23, 1996, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing certain revised tariff sheets to its FERC Gas Tariff, Third Revised Volume No. 1 which tariff sheets are enumerated in Appendix A attached to the filing.

Transco states that the purpose of the instant filing is to supplement Transco's April 12, 1996, Traker Filing in Docket No. TM96-13-29-000 (April 12 Filing) in order to reflect the currently effective demand rates charged by Texas Gas Transmission Corporation (Texas Gas) under its Rate Schedule FT, the cost of which are included in the rates and charges payable under Transco's Rate Schedule FT-NT. Transco's April 12 Filing eliminated Texas Gas' ISS Revenue Credit in error and therefore did not reflect the demand rates currently being charged by Texas Gas. In order to correct this, Transco is submitting substitute tariff sheets therein as replacements for the Rate Schedule FT-NT tariff sheets included in the April 12 Filing. This tracking filing is being made pursuant to Section 4 of Transco's Rate Schedule FT-NT.

Transco also states that included in Appendix A attached to the filing are explanations of the rate changes and details regarding the computation of the revised Rate Schedule FT-NT.

Transco states that copies of the filing are being mailed to each of its FT-NT customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests

will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
