The Bank of New York Company, Inc.; Notice to Engage in Certain Nonbanking Activities

The Bank of New York Company, Inc., New York, New York (BNY), has applied for Board approval pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) (BHC Act) and section 225.23(a) of the Board's Regulation Y (12 CFR 225.23(a)), to engage *de novo* through its indirect wholly owned subsidiary, BNY Capital Markets, Inc., New York, New York (Company), in the following nonbanking activities: (i) providing investment and financial advisory services pursuant to 12 CFR 225.25(b)(4); (ii) providing full-service brokerage services pursuant to 12 CFR 225.25(b)(15); underwriting and dealing in government obligations and other obligations that state member banks may

underwrite and deal in pursuant to 12 CFR 225.25(b)(16); making, acquiring and servicing loans or other extensions of credit pursuant to 12 CFR 225.25(b)(1); underwriting and dealing in, to a limited extent, certain municipal revenue bonds (including unrated and certain "private ownership" municipal revenue bonds), mortgage-related securities, commercial paper and consumer-receivable-related securities (Tier 1 Securities); buying and selling all types of debt and equity securities on the order of customers as a "riskless principal;" and acting as agent in the private placement of all types of debt and equity securities. Company currently is a subsidiary of BNY's bank subsidiary, The Bank of New York, New York, New York. Company would engage in the proposed activities on a worldwide basis following a reorganization in which it would become a subsidiary of BNY's wholly owned nonbank subsidiary, BNY Capital Markets Holdings, Inc., New York, New York.

The Board previously has determined that the proposed activities are closely related to banking. See 12 CFR 225.25(b)(1), (4), (15) and (16); *Citicorp et al.*, 73 Fed. Res. Bull. 473 (1987) (underwriting and dealing in, to a limited extent, Tier 1 Securities); *Bank South Corporation*, 81 Fed. Res. Bull. 1116 (1995); *Letter Interpretating Cross-Marketing Firewall*, 81 Fed. Res. Bull. 198 (1995). *Bankers Trust New York Corporation*, 75 Fed. Res. Bull. 829 (1989)(Bankers Trust); *J.P. Morgan & Company Incorporated*, 76 Fed. Res. Bull. 26 (1990) (J.P. Morgan) (riskless principal and private placement activities). BNY proposes to engage in these activities in accordance with the limitations and conditions established by the Board in Regulation Y and in its prior orders approving these activities.

In authorizing bank holding companies to engage in riskless principal activities under section 4(c)(8) of the BHC Act, the Board previously has relied upon a commitment that the applicant would conduct the proposed riskless principal activities in accordance with most of the prudential limitations governing the bank-ineligible securities underwriting and dealing activities of section 20 companies (Section 20 Firewalls). See *Bankers Trust*, 75 Fed. Res. Bull. at 834; *J.P. Morgan*, 76 Fed. Res. Bull. at 27. BNY, however, does not propose to conduct the riskless principal activities of Company in accordance with the Section 20 Firewalls. BNY states that riskless principal transactions are essentially equivalent to brokerage transactions, and notes that the Board

has not imposed similar limitations on the securities brokerage activities of bank holding companies. See 12 CFR 225.25(b)(15). BNY also contends that riskless principal transactions do not involve the potential conflicts of interests, unsound banking practices and other adverse effects that are sought to be addressed by the Section 20 Firewalls. Furthermore, BNY asserts that compliance with the section 20 Firewalls would place a bank holding company engaged in riskless principal transactions at a competitive disadvantage to other broker-dealers engaged in such activity.

Company, however, would conduct its riskless principal activities subject to the other conditions established by the Board in previous orders, including those conditions that are designed to assure that a bank holding company's riskless principal activities do not constitute the underwriting, public sale, or distribution of securities for purposes of the Glass-Steagall Act. See *Bankers Trust; J.P. Morgan; BankAmerica Corporation*, 79 Fed. Res. Bull. 1163 (1993). For example, Company would engage in riskless principal transactions only in the secondary market and would not engage in riskless principal transactions for any security carried in its inventory. Company also would not act as riskless principal with respect to registered investment company securities or the securities of investment companies advised by BNY or any of its affiliates.

In order to approve the proposal, the Board must determine that the proposed activities to be conducted by BNY "can reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." 12 U.S.C. 1843(c)(8). BNY believes that the proposal would produce public benefits that outweigh any potential adverse effects. In particular, BNY maintains that the proposal would increase competition for the proposed services.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely to seek the views of interested persons on the issues presented by the application and does not represent a determination by the Board that the proposal meets, or is likely to meet, the standards of the BHC Act. Any comments or requests for hearing should be submitted in writing

and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than May 28, 1996. Any request for a hearing on this application must, as required by § 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

This application may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of New York.

Deputy Secretary of the Board.
