AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Type of submission, new, revision, or extension: Revision.
2. The title of the information collection: NRC Form 241, "Report of Proposed Activities in Non-Agreement States."
3. The form number if applicable: NRC Form 241.
4. How often the collection is required: NRC Form 241 must be submitted each time an Agreement State licensee wants to engage in or revise its activities involving the use of radioactive byproduct material in a non-Agreement State. The NRC may waive the requirements for filing additional copies of NRC Form 241 during the remainder of the calendar year following receipt of the initial form from a person engaging in activities under the general license.
5. Who will be required or asked to report: Any persons who hold a specific license from an Agreement State and want to conduct the same activity in non-Agreement States under the general license in 10 CFR 150.20.
6. An estimate of the number of responses: The NRC annually receives approximately 4,600 responses from Agreement States associated with NRC Form 241. These responses include 200 initial reciprocity requests on NRC Form 241, and 1,100 revisions and 3,300 clarifications of the information submitted on the forms.
7. The estimated number of annual respondents: 200 Agreement State licensees.
8. An estimate of the total number of hours needed annually to complete the requirement or request: 1,200 hours (16 minutes per response)

9. An indication of whether section 3507(d), Pub. L. 104-13 applies: Not applicable.

10. Abstract: Under the reciprocity provisions of 10 CFR part 150, any Agreement State licensee who engages in activities (use of radioactive byproduct material) in non-Agreement States under the general license in section 150.20 is required to file 4 copies of NRC Form 241, "Report of Proposed Activities in Non-Agreement States," and 4 copies of its Agreement State license at least 3 days before engaging in each such activity. This mandatory notification permits NRC to schedule inspections of the activities to determine whether the activities are being conducted in accordance with requirements for protection of the public health and safety.
