## DEPARTMENT OF THE INTERIOR

### Office of Surface Mining Reclamation and Enforcement

#### 30 CFR Parts 901, 902, 904, 906, 913, 914, 915, 916, 917, 918 and 920

RIN 1029-AB86

#### State Program Amendments

**AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.

**ACTION:** Proposed rule.

**SUMMARY:** The Office of Surface Mining Reclamation and Enforcement (OSM) is proposing to amend its regulations by revising the information currently reported in the Code of Federal Regulations (CFR) regarding the OSM Director's approval of amendments to State regulatory programs and abandoned mine land reclamation plans (hereafter State program amendments). This information would be condensed to a tabular presentation depicting the dates when State program amendments were originally submitted to OSM and the dates the OSM Director's decision approving all or portions of these amendments were published in the Federal Register. Such a rulemaking would reduce the number of unnecessary pages in the CFR. As always, people interested in getting copies of the full text of the amended State regulatory program or abandoned mine land reclamation plan could contact the State regulatory authority office or the OSM field office with oversight authority for that State.

**DATES:** *Written comments:* We will accept written comments on the

proposed rule until 5:00 p.m. Eastern time on July 8, 1996.

*Public hearings:* We will accept requests for a public hearing until 4:00 p.m. Eastern time on June 7, 1996. People who want to attend but not testify at the hearing, must contact the person listed under **FOR FURTHER INFORMATION CONTACT**, beforehand to verify that we will hold a hearing. Any disabled individuals who need special accommodations to attend a public hearing should also contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

**ADDRESSES:** *Written comments:* Please hand-deliver to the Office of Surface Mining Reclamation and Enforcement, Room 120, 1951 Constitution Ave., NW, Washington, DC, or mail to the Office of Surface Mining Reclamation and Enforcement, Administrative Record, SIB 120, 1951 Constitution Ave., NW, Washington, DC 20240.

You may also send comments through the Internet to OSM's Administrative Record. Our Internet address is: OSNRules@OSMRE.GOV. We will file copies of any electronic messages received with our Administrative Record.

*Public hearings:* You must contact the person identified under **FOR FURTHER INFORMATION CONTACT** by the time required under **DATES** to request a public hearing.

**FOR FURTHER INFORMATION CONTACT:** John A. Trelease, Rules and Legislation Staff, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Avenue, NW, Washington, DC 20240; Telephone (202) 208-2783.

#### SUPPLEMENTARY INFORMATION:

##### I. Public Comment Procedures

##### II. Discussion of Proposed Rule

*Why is this rule being written?*

*What would change?*

*How do I get a copy of State program amendments?*

##### III. Procedural Matters

##### I. Public Comment Procedures

##### *Written Comments*

If you are submitting written comments on the proposed rule please be specific, limit your comments to issues pertinent to the proposed rule, and explain the reason for your recommendations. If possible, please submit three copies of your comments to our Administrative Record (see **ADDRESSES**). We may not consider your comments for the final rule when received after the close of the comment period (see **DATES**) or delivered to addresses other than those listed in **ADDRESSES**.

### Public Hearings

We will hold public hearings on the proposed rule by request only. If no one has contacted Mr. Trelease requesting a hearing by the date listed in **DATES**, we will not hold a hearing. We will hold a public meeting instead of a hearing if only one person expresses an interest. We will include the results of all meetings and hearings in our Administrative Record.

If we hold a hearing, it will continue until everyone who wants to testify is heard. Please provide us with an advanced copy of your testimony at the address specified for the submission of written comments (see **ADDRESSES**), and a copy to the transcriber when you arrive at the hearing. This will assist us in preparing appropriate questions, and ensure that the transcriber provides us with an accurate record of the testimony.

## II. Discussion of Rule

### Why Is This Rule Being Written?

On March 4, 1995, the President announced a government-wide Regulatory Reinvention Initiative. The President directed each agency to conduct a page-by-page review of its regulations for the purpose of eliminating or revising those that are outdated or otherwise in need of reform. As part of that effort, OSM is considering several means of reducing the number of pages in the CFR.

This rulemaking would result in a reduction of approximately 50 pages from the CFR and reduce future printing costs for the government, and contribute to on-going efforts to make the CFR a more readable document.

### What Would Change?

The OSM Director's approval or approval in part of State program amendments is published in the Federal Register and codified in the CFR. The regulatory text documenting such decisions usually contains topical outlines of the amendments and associated program citations, the dates the amendments were submitted to OSM, and the dates the amendments became effective. Under the revised procedures of this rulemaking, the regulatory text would be limited to a tabular presentation of the dates that States submitted amendments, and the dates the amendments were published in the Federal Register after approval, or partial approval, by the OSM Director for 30 CFR parts 901, 902, 904, 906, 913, 914, 915, 916, 917, 918 and 920.

OSM believes that there is no compelling public need to codify all of the information currently found in the

regulatory text of State program amendment approvals. Although the topical outline of an approved amendment may be a convenient reference for members of the public who want to begin their research of particular provisions of that program amendment, OSM believes that the public would still find it necessary to refer back to the final rule's Federal Register notice for a thorough preamble discussion of those provisions. As before, those people who would like copies of the full text of the State program amendment may contact the State regulatory authority office or the OSM field office with oversight authority for that State.

### How do I Get a Copy of State Program Amendments?

Copies of approved State program amendments may be obtained by contacting the State regulatory authority or the local OSM field office with oversight authority for that State. Addresses for these offices are found in parts 900 through 950 of the CFR with their respective State programs.

## III. Procedural Matters

### Federal Paperwork Reduction Act

This rule does not contain collections of information which require approval by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

### Regulatory Flexibility Act

The Department of the Interior certifies that this revision would not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*)

### National Environmental Policy Act

This rule has been reviewed by OSM and it has been determined to be categorically excluded from the National Environmental Policy Act (NEPA) process in accordance with the Departmental Manual 516 DM 6, Appendix 8.4.A.(2).

### Executive Order 12866

This rule is not significant under Executive Order 12866 and does not require review by the Office of Management and Budget.

### Executive Order 12778

This proposed rule has been reviewed under the applicable standards of Section 2(b)(2) of Executive Order 12778, Civil Justice Reform (56 FR 55195). In general, the requirements of Section 2(b)(2) of Executive Order 12778 are covered by the preamble discussion of this proposed rule. Additional

remarks follow concerning individual elements of the Executive Order:

A. What is the preemptive effect, if any, to be given to the regulation?

The proposed rule would have no preemptive effect.

B. What is the effect on existing Federal law or regulation, if any, including all provisions repealed or modified?

This rule does not modify the implementation of SMCRA, nor does it modify the implementation of any other Federal statute. The preceding discussion of this rule specifies the Federal regulatory provisions that are affected by this rule.

C. Does the rule provide a clear and certain legal standard for affected conduct rather than a general standard, while promoting simplification and burden reduction?

The standards established by this rule are as clear and certain as practicable, given the complexity of the topics covered and the mandates of SMCRA.

D. What is the retroactive effect, if any, to be given to the regulation?

This rule is not intended to have retroactive effect.

E. Are administrative proceedings required before parties may file suit in court? Which proceedings apply? Is the exhaustion of administrative remedies required?

No administrative proceedings are required before parties may file suit in court challenging the provisions of this rule under section 526(a) of SMCRA, 30 U.S.C. 1276(a).

Prior to any judicial challenge to the application of the rule, however, administrative procedures must be exhausted. In situations involving OSM application of the rule, applicable administrative procedures may be found at 43 CFR Part 4. In situations involving State regulatory authority application of provisions equivalent to those contained in this rule, applicable administrative procedures are set forth in the particular State program.

F. Does the rule define key terms, either explicitly or by reference to other regulations or statutes that explicitly define those items?

Terms which are important to the understanding of this rule are set forth in 30 CFR 700.5 and 701.5.

G. Does the rule address other important issues affecting clarity and general draftsmanship of regulations set forth by the Attorney General, with the concurrence of the Director of the Office of Management and Budget, that are determined to be in accordance with the purposes of the Executive Order?

As of the date of publication, the Attorney General and the Director of the

Office of Management and Budget have not issued any guidance on this requirement.
