BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Toxic Substances and Disease Registry

[Announcement 608]

Human Health Studies; Applied Research and Development

Introduction

The Agency for Toxic Substances and Disease Registry (ATSDR) announces the availability of fiscal year (FY) 1996 funds for a grant program designed to answer public health questions arising from situations commonly encountered at hazardous waste sites. The objective of this program is to fill gaps in knowledge, including data needs and health conditions, by conducting applied research and development studies related to human exposure to hazardous substances and to the ATSDR's health assessments, consultations, and health studies on hazardous substances prioritized by ATSDR. These Priority Health Conditions are identified under the Purpose section of this notice. Priority data needs are identified by ATSDR in its toxicological profiles.

ATSDR is committed to achieving the health promotion and disease prevention objectives of "Healthy

People 2000," a national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority area of Environmental Health. (For ordering a copy of "Healthy People 2000," see the Section Where to Obtain Additional Information.)

Authority

This program is authorized in sections 104(i)(1)(E), (6), (7), (9), and (15) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA) [42 U.S.C. 9604(i)(1)(E), (6), (7), (9), and (15)].

Smoke-Free Workplace

ATSDR strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

Eligible Applicants

Eligible applicants are the official public health agencies of States or their bona fide agents or instrumentalities. This includes the District of Columbia, American Samoa, the Commonwealth of Puerto Rico, the Virgin Islands, the Federated States of Micronesia, Guam, the Northern Mariana Islands, the Republic of the Marshall Islands, the Republic of Palau, and federally recognized Indian tribal governments. State organizations, including State universities, State colleges, and State research institutions, must establish that they meet their respective State's legislature definition of a State entity or political subdivision to be considered an eligible applicant.

Availability of Funds

The Government's obligation under this grant project is contingent upon the availability of appropriated funds from which payment for grant purposes can be made. No legal liability on the part of the government for any obligation may arise until funds are made available to the grantee through the formal award of a grant/cooperative agreement.

It is expected that \$500,000 will be available in FY 1996 to fund approximately 2 awards. Awards are funded for a 12-month budget period within a project period of up to 3 years. Continuation awards within the project period will be made on the basis of
