**SUPPLEMENTARY INFORMATION:** The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The CALFED Bay-Delta Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA) as the Bay-Delta Advisory Council (BDAC) to advise CALFED on the program mission, problems to be addressed, and objectives for the CALFED Bay-Delta Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff.

Minutes of the meeting will be maintained by the CALFED Bay-Delta Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

## DEPARTMENT OF JUSTICE

### Notice of Consent Decrees in Comprehensive Environmental Response, Compensation and Liability Act Action; Al/co et al.

Notice is hereby given that two consent decrees in *United States et al. v. ALCOA et al.*, Civil Action No. 89-7421, were lodged with the United States District Court for the Eastern District of Pennsylvania on April 24, 1996.

On October 16, 1989, the United States filed a complaint against 18 generator and owner/operator defendants under Section 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. 9607(a), for response costs incurred and to be incurred by the United States at the Moyer Landfill Superfund Site in Collegetown, Pennsylvania (the "Site"). The Commonwealth of Pennsylvania ("Commonwealth") joined the action as plaintiff seeking reimbursement of its response costs incurred and to be incurred at the Site. One of the proposed consent decrees resolves the liability of Alco Industries, Cabot Corporation, and Richardson-Vicks, subject to reopeners for new information and new site conditions, and cost overruns above \$55 million, for a payment of \$11.5 million in reimbursement of response costs to the United States and the Commonwealth. The other proposed consent decree resolves the liability of William M. Wilson's Sons, Inc., Waste Conversion, Inc., Hatfield Packing Company, Moyer Packing Company, Superior Tube Company, W.R. Grace & Co., Union Carbide Corporation, Henkel Corporation, Ford Electronics and Refrigeration Corporation and Zenith Electronics Corporation, subject to reopeners for new information and new site conditions, and cost overruns above \$60 million, for payments totalling \$9,558,551 in reimbursement of response costs to the United States and the Commonwealth. Under both decrees the United States receives 84% and the Commonwealth receives 16% of the payments. The Consent Decree includes covenants not to sue under Sections 106 and 107 of CERCLA and under Section 7003 of the Resource Conservation and

Recovery Act ("RCRA"), 42 U.S.C. § 6973.

The Department of Justice will accept written comments relating to these proposed Consent Decrees for thirty (30) days from the date of publication of this notice. Please address comments to the Assistant Attorney General, Environment and Natural Resources Division, Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, D.C. 20044 and refer to *United States et al. v. ALCOA et al.*, DOJ No. 90-11-3-145. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA.

Copies of the proposed Consent Decrees may be examined at the Office of the United States Attorney, Eastern District of Pennsylvania, 615 Chestnut Street, Suite 1300, Philadelphia, PA 19106; Region III Office of the Environmental Protection Agency, 841 Chestnut Building, Philadelphia, Pennsylvania 19107; and at the Consent Decree Library, 1120 G Street, N.W., 4th Floor, Washington, D.C. 20005 ((202) 624-0892). A copy of the proposed decrees may be obtained in person or by mail from the Consent Decree Library, 1120 G Street, N.W. 4th Floor, Washington, D.C. 20005. When requesting a copy of the proposed Consent Decrees, please enclose a check payable to the "Consent Decree Library" in the following amounts:

\$7.50 for the 1st decree described above.

\$10.00 for the 2nd decree described above.
