

DATES: The public has no later than July 9, 1996 to comment on the proposed expansion of the Serpentine ACEC and the proposed name change for the San Benito Mountain Natural Area.

ADDRESSES: Comments should be addressed to: Bureau of Land Management, Hollister Resource Area Office, 20 Hamilton Court, Hollister, CA 95023, Attn: Robert E. Beehler, Area Manager.

SUPPLEMENTARY INFORMATION: (1) Serpentine ACEC: Mining plans of operation must be filed for claims inside an ACEC—thus anyone proposing to operate on a valid claim within the expansion area would need to comply with this regulation. Management of the expansion areas would be the same as within the previous boundaries.

(2) San Benito Mountain Natural Area: The San Benito Mountain Natural Area was designated in 1971. It was designated as an "Outstanding" Natural Area, one of the two possible types of Natural Area classifications. The other type of natural area classification is a "Research" Natural Area. The original designation was 1,880 acres (August, 1971 36FR16122). In September 1971, 380 acres were withdrawn from the designation because of unresolved mining issues (36FR19177). In 1984, with the development of the Hollister Resource Management Plan, the decision was made to re-incorporate those 380 acres as Natural Area, because the mining claim issue had been resolved. Although this decision was analyzed in the public planning process and ultimately approved, the legal boundaries were never published in the Federal Register. Historic planning maps and documents for the Natural Area and the extension show that there was one portion of the extension which was not described in the Federal Register notice. This portion is in Section 14 and covers a 20-acre segment in the north half of the south-east quarter of the south-west quarter. It is included in this notice. Additionally, a typographical error in the Federal Register notices showed the whole western quarter of Section 15 being included. This should have been the eastern quarter of the section. This has been corrected as well.

Public participation has occurred throughout the planning process and is encouraged. Anyone wishing additional information may contact the Hollister Resource Area Office at the address shown above, or call 408-637-8183.

Dated: May 3, 1996.
Robert E. Beehler,
Hollister Area Manager.

Bureau of Land Management

[WY-989-1050-00-P]

Filing of Plats of Survey; Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The plats of survey of the following described lands are scheduled to be officially filed in the Wyoming State Office, Cheyenne, Wyoming, thirty (30) calendar days from the date of this publication.

Sixth Principal Meridian, Wyoming

T. 52 N., R. 64 W., accepted April 23, 1996
T. 12 N., R. 114 W., accepted April 23, 1996
T. 13 N., R. 114 W., accepted April 23, 1996
T. 13 N., R. 115 W., accepted April 23, 1996
T. 44 N., R. 118 W., accepted May 1, 1996

Sixth Principal Meridian, Nebraska

T. 26 N., R. 9 E., accepted March 22, 1996
T. 27 N., R. 8 E., accepted April 23, 1996

If protests against a survey, as shown on any of the above plats, are received prior to the official filing, the filing will be stayed pending consideration of the protest(s) and or appeal(s). A plat will not be officially filed until after disposition of protest(s) and or appeal(s).

These plats will be placed in the open files of the Wyoming State Office, Bureau of Land Management, 5353 Yellowstone Road, Cheyenne, Wyoming, and will be available to the public as a matter of information only. Copies of the plats will be made available upon request and prepayment of the reproduction fee of \$1.10 per copy.

A person or party who wishes to protest a survey must file with the State Director, Bureau of Land Management, Cheyenne, Wyoming, a notice of protest prior to thirty (30) calendar days from the date of this publication. If the protest notice did not include a statement of reasons for the protest, the protestants shall file such a statement with the State Department within thirty (30) calendar days after the notice of protest was filed.

The above-listed plats represent dependent resurveys, subdivision of sections.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, P.O. Box

1828, 5353 Yellowstone Road,
Cheyenne, Wyoming 82003.

Dated: May 2, 1996.
Jerry L. Messick,
Acting Chief, Cadastral Survey Group.

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Prince William Sound in the Possession of the Burke Museum, University of Washington, Seattle, WA

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects in the possession of the Burke Museum, University of Washington, Seattle, WA.

A detailed assessment of the human remains was made by the Burke Museum professional staff in consultation with representatives of the Chugach Alaska Corporation, a Native Alaskan Regional Corporation.

In 1902, human remains representing two individuals were removed from an island cave known as "Billy's Hole" in Prince William Sound, Alaska, by Edmond S. Meany and donated to the Burke Museum. No known individuals were identified. The thirteen associated funerary objects include two grave boards, two paddles, a canoe prow, a canoe section, and wooden sticks.

Prior to 1909, a pair of haliotis shell earring were collected by George T. Emmons and accessioned by the Burke Museum in 1909. Accession records indicate these earrings were removed from a "mummy cave on an island in Prince William Sound (Alaska)."

Archeological and ethnographic evidence from the islands of Prince William Sound, including manner of internment, continuity of technology, and cultural items indicate continuous occupation by the same communities from the precontact period to the present. Oral tradition presented by the representatives of the Chugach Alaska Corporation also supports Chugach occupation of this area throughout this period.

Based on the above mentioned information, officials of the Burke Museum have determined that,
