Kern River states that, in partial compliance with Order No. 582, it is revising its tariff to (1) update references in its tariff to the former Part 154 regulations; (2) include a statement on Kern River's "order of discounting" and; (3) include a statement of Kern River's policy with respect to the construction of delivery facilities.

Kern River further states that it is proposing revisions to its tariff sheets to reflect a change in Kern River's principal place of business and other minor corrective changes.

Any person desiring to be heard or protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available to public

inspection in the Public Reference Room.

[Project No. 1930-000]

Southern California Edison Company; Notice of Authorization for Continued Project Operation

May 7, 1996.

On May 2, 1994, Southern California Edison Company, licensee for the Kern River No. 1 Project No. 1930, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1930 is located on the Kern River in Kern County, California.

The license for Project No. 1930 was issued for a period ending April 30, 1996. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with

the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1930 is issued to Southern California Edison Company for a period effective May 1, 1996, through April 30, 1997, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 30, 1997, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Southern California Edison Company is authorized to continue operation of the Kern River No. 1 Project No. 1930 until such time as the Commission acts on its application for subsequent license.

[Project No. 1932-000]

Southern California Edison Company; Notice of Authorization for Continued Project Operation

May 7, 1996.

On April 29, 1994, Southern California Edison Company, licensee for the Lytle Creek Project No. 1932, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1932 is located on Lytle Creek in San Bernardino County, California.

The license for Project No. 1932 was issued for a period ending April 30, 1996. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise

disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 1932 is issued to Southern California Edison Company for a period effective May 1, 1996, through April 30, 1997, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license or (other disposition) does not take place on or before April 30, 1997, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Southern California Edison Company is authorized to continue operation of the Lytle Creek Project No. 1932 until such time as the Commission acts on its application for subsequent license.

[Project No. 1933-000]

**Southern California Edison Company;
Notice of Authorization for Continued
Project Operation**

May 7, 1996.

On April 29, 1994, Southern California Edison Company, licensee for the Santa Ana Nos. 1 and 2 Project No. 1933, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1933 is located on the Santa

Ana River and its tributaries in San Bernardino County, California.

The license for Project No. 1933 was issued for a period ending April 30, 1996. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1933 is issued to Southern California Edison Company for a period effective May 1, 1996, through April 30, 1997, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 30, 1997, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Southern California Edison Company is authorized to continue operation of the Santa Ana Nos. 1 and 2 Project No. 1933 until such time as the Commission acts on its application for subsequent license.

[Project No. 1934-000]

**Southern California Edison Company;
Notice of Authorization for Continued
Project Operation**

May 7, 1996.

On April 29, 1994, Southern California Edison Company, licensee for the Mill Creek Nos. 2 and 3 Project No. 1934, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1934 is located on Mill Creek and its tributary, Mountain Home Creek, in San Bernardino County, California.

The license for Project No. 1934 was issued for a period ending April 30, 1996. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1934 is issued to Southern California Edison Company for a period effective May 1, 1996, through April 30, 1997, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 30, 1997, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.
