

Type of Review: Revision to an existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 13,500.

Total Annual Burden: 4–40 hours.

72,000 total annual hours. We estimate that an additional 500 community units each year will be obligated to meet the 76.924 requirements for the first time. We estimate the one-time average burden for these respondents to rearrange accounting records is 40 hours. 500 community units x 40 hours each = 20,000 hours. The Commission estimates the burden to the existing population of regulated community units to comply with the modified requirements set forth in 76.924 will be an average of 4 hours per community unit. Currently, we estimate cable operators provide service in approximately 13,000 community units that are subject to rate regulation. 13,000 existing community units x 4 hours per community units = 52,000 hours.

Costs to Respondents: None.

Generally, cable operators use computers and accounting records and software as part of customary and usual business practices. This information collection does not require the purchase of anything additional. It only rearranges records that already exist.

Needs and Uses: Section 623 of the Communications Act of 1934, as amended by the Cable Television Consumer Protection and Competition Act of 1992 ("1992 Cable Act"), requires the Commission to prescribe rules and regulations for determining reasonable rates for basic tier cable service and to establish criteria for identifying unreasonable rates for cable programming services and associated equipment. Subsequently, on April 1, 1993, the Commission adopted a Report and Order and Further Notice of Proposed Rulemaking, FCC 93–177, MM Docket 92–266, in which cost accounting and cost allocation requirements for regulated cable operators were specified. These requirements were set forth in 47 CFR 76.924 and were adopted on an interim basis. Then, on December 15, 1995, the Commission adopted a Second Report and Order, First Report on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 95–502, MM Docket 93–215 and CS Docket 94–28, in which requirements for cable operators for allocating to service cost categories, as set forth in 76.924(e), were modified and adopted on a permanent basis.

76.924(e) now permits cable operators to allocate service costs to three service cost categories, instead of up to seven service cost categories. The third service

cost category will simply serve as an "all other" service costs category that captures what operators previously had to allocate to multiple categories. Cost accounting and cost allocation requirements standardize the methodology in which cable operators report financial data. The Commission's system of cable rate regulation imposes a price cap on cable service rates with certain categories of costs defined as external to the cap. The cost accounting and cost allocation requirements are necessary in order to assure that costs that are intended to receive external treatment are in fact accorded such treatment. Cost accounting and cost allocation requirements are used by cable operators wishing to justify rates higher than their capped levels via a cost-of-service filing; and the requirements are necessary to permit accurate identification of such costs that will justify rates above the cap.

[Docket No. 96-10]

Seair Cargo Agency Inc. d/b/a Seair International Line; Possible Violations of Section 10(b)(1) of the Shipping Act of 1984; Order of Investigation

Seair Cargo Agency Ltd. d/b/a Seair International Line ("Seair") is a non-vessel-operating common carrier located in Hong Kong. Seair maintains a tariff on file with the Commission which provides for service between World Ports and the United States.

A review of Seair's tariff by the Commission's Bureau of Enforcement showed that the tariff contained only Cargo, N.O.S. rates. A review of shipping documents for shipments moving under Seair bills of lading from February 4, 1994 through January 28, 1995, and from December, 1995 through January, 1996, indicated that Seair was not charging its customers the Cargo N.O.S. rates contained in its tariff. To date, Seair has not populated its tariff with commodity rates.

Section 10(b)(1) of the Shipping Act of 1984 ("1984 Act"), 46 U.S.C. app. 1709, provides that no common carrier may charge, demand, collect, or receive greater, less, or different compensation for the transportation of property or for any service in connection therewith than the rates and charges in its tariffs.

Evidence provided by the Bureau of Enforcement with regard to the activities of Seair indicates that Seair

charged rates different from those contained in its applicable tariff for the transportation of at least 14 shipments between February 4, 1994 and January 28, 1995, and at least twelve additional shipments during the period December, 1995 through January, 1996.

Now therefore it is ordered, That pursuant to sections 10, 11, and 13 of the 1984 Act, 46 U.S.C. app. 1709, 1710, and 1712, an investigation is hereby instituted to determine:

1. Whether Seair violated section 10(b)(1) of the 1984 Act by charging, demanding, collecting, or receiving greater, less, or different compensation for the transportation of property or for any service in connection therewith than the rates and charges that are shown in its tariffs;

2. Whether, in the event Seair violated the 1984 Act, civil penalties should be assessed against Seair and, if so, the amount of such penalties;

3. Whether, in the event violations are found, an appropriate cease and desist order should be issued; and

4. Whether, in the event violations are found, Seair's tariff should be suspended for a period of time not to exceed 12 months.

It is further ordered, That a public hearing be held in this proceeding and that this matter be assigned for hearing before an Administrative Law Judge ("Presiding Officer") of the Commission's Office of Administrative Law Judges at a date and place to be hereafter determined by the Presiding Officer in compliance with Rule 61 of the Commission's Rules of Practice and Procedure, 46 CFR 502.61. The Hearing shall include oral testimony and cross-examination in the discretion of the Presiding Officer only after consideration has been given by the parties and the Presiding Officer to the use of alternative forms of dispute resolution, and upon proper showing that there are genuine issues of material fact that cannot be resolved on the basis of sworn statements, affidavits, depositions, or other documents or that the nature of the matter in issue is such that an oral hearing and cross-examination are necessary for the development of an adequate record.

It is further ordered, That Seair Cargo Agency Ltd. d/b/a Seair International Line is named Respondent in this proceeding;

It is further ordered, That the Commission's Bureau of Enforcement is designated a party to this proceeding;

It is further ordered, That notice of this Order be published in the Federal Register, and a copy be served on parties of record;

It is further ordered, That other persons having an interest in participating in this proceeding may file petitions for leave to intervene in accordance with Rule 72 of the Commission's Rules of Practice and Procedure, 46 CFR 502.72;

It is further ordered, That all further notices, orders, and/or decisions issued by or on behalf of the Commission in this proceeding, including notice of the time and place of hearing or prehearing conference, shall be served on parties of record;

It is further ordered, That all documents submitted by any party of record in this proceeding shall be directed to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, and comply with Subpart H of the Commission's Rules of Practice and Procedure, 46 CFR 502.111-119, and shall be served on parties of record; and

It is further ordered, That in accordance with Rule 61 of the Commission's Rules of Practice and Procedure, 46 CFR 502.61, the initial decision of the Administrative Law Judge shall be issued by January 10, 1997, and the final decision of the Commission shall be issued by May 12, 1997.

By the Commission,
Joseph C. Polking,
Secretary.
