Northern Border Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

May 10, 1996.

Take notice that on May 6, 1996, Northern Border Pipeline Company (Northern Border) tendered for filing to become part of Northern Border Pipeline Company's FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheet to become effective June 5, 1996:

Second Revised Sheet Number 162

Northern Border states that the purpose of this filing is to allow Northern Border to substantiate a prospective IT-1 Shipper's unaudited year-end financial statements by analysis of the audited financial statements of the Shipper's parent or affiliate. As proposed if a Shipper with unaudited year-end financial statements has an acceptable credit and financial history and the Shipper's financial statements can be substantiated by its parent's or affiliate's audited financial statements, Northern Border would be able to accept the Shipper's financials as credit support. Without this change, no matter what is provided in support for the Shipper's credit, without audited financial statements of Shipper, Shipper cannot meet Northern Border's credit standard.

The herein proposed change does not result in a change in Northern Border's total revenue requirement.

Northern Border states that copies of this filing have been sent to all of Northern Border's contracted shippers.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.214 and Section 385.211 of the Commission's Rules and Regulations.
