BILLING CODE 7590-01-P

[Docket Nos. 50-325 and 50-324]

**Carolina Power & Light Company;
Notice of Withdrawal of Application for
Amendment to Facility Operating
License**

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Carolina Power & Light Company (the licensee) to withdraw its March 31, 1995, application for proposed amendment to Facility Operating License Nos. 50-325 and 50-324 for the Brunswick Steam Electric Plant, Units 1 and 2, located in Brunswick County, North Carolina.

The proposed amendment would have provided an exception to Technical Specification (TS) 3.0.4 that would have permitted an operational mode change of a unit if the second unit was in cold shutdown or refueling

(Operational Conditions 4 or 5 respectively) and one of the second unit's offsite power circuits was inoperable.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the Federal Register on April 13, 1995 (60 FR 18860). However, by letter dated December 20, 1995, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated March 31, 1995, and the licensee's letter dated December 20, 1995, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, 2120 L Street NW., Washington, DC 20555, and at the University of North Carolina at Wilmington, William Madison Randall Library, 601 S. College Road, Wilmington, North Carolina 28403-3297.

Dated at Rockville, Maryland, this 14th day of May 1996.

For the Nuclear Regulatory Commission.
Brenda L. Mozafari,
*Project Manager, Project Directorate II-1,
Division of Reactor Projects—I/II, Office of
Nuclear Reactor Regulation.*
