[Docket No. RP96-238-000]

**Texas Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff**

May 17, 1996.

Take notice that on May 15, 1996, Texas Gas Transmission Corporation (Texas Gas) tendered for filing as part of its FERC Gas Tariff, the tariff sheets listed on Appendix A attached to the filing and requests the tariff sheets to be effective June 15, 1996.

Texas Gas states that this filing is being made to clean up Texas Gas's FERC Gas Tariff, First Revised Volume No. 1, to reflect various revisions that include: policies established by Order No. 582; correction of typographical errors and housekeeping items; updates since the initial issuance of Volume No. 1, and clarifications or minor changes specifying the company's current practices which have developed since the implementation of Order No. 636 in November, 1993.

Texas Gas states that copies of the filing have been served upon Texas Gas's jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. PR96-7-000]

**Transok, Inc.; Notice of Petition for Rate Approval**

May 17, 1996.

Take notice that on May 1, 1996, Transok, Inc. (Transok), filed pursuant to section 284.123(b)(2) of the Commission's regulations, a petition for rate approval requesting that the Commission approve as fair and equitable rates for interruptible transportation services performed under section 311(a)(2) of the Natural Gas Policy Act of 1978 (NGPA) on Transok's Oklahoma Anadarko System.

Transok proposes a new system-wide maximum rate for interruptible service of \$0.2541 per MMBtu delivered. Transok will also charge each shipper the shipper's pro rate share of actual compressor fuel plus 0.5 percent per volumes delivered for system losses. Transok proposes an effective date of May 1, 1996.

Transok states that it is an intrastate pipeline within the meaning of section 2(16) of the NGPA and it owns and operates two intrastate pipeline systems in the State of Oklahoma (the Anadarko System and the Traditional System), and one system in the State of Louisiana. Transok here proposes rates for the Anadarko System only.

Pursuant to section 284.123(b)(2)(ii), if the Commission does not act within 150 days of the filing date, the rate will be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150-day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data, and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 in accordance with sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All motions must be filed with the Secretary of the Commission on or before June 3, 1996. The petition for rate approval is on file with the Commission and is available for public inspection.
