Pacific Gas and Electric's mailing address is 77 Beale Street, mail Code B30A, San Francisco, CA 94105.

Pacific Gas and Electric's petition states it is a Hinshaw pipeline within the meaning of Section 1 (c) of the Natural Gas Act (NGA), transporting and distributing gas throughout large portions of northern and central California to numerous residential, industrial, and agricultural gas consumers. On June 21, 1994, the Commission issued Pacific Gas and Electric a limited jurisdiction blanket certificate under Part 284.224 of the regulations to engage in the sale, transportation, and assignment of natural gas subject to the NGA in the same manner that intrastate pipelines are authorized to engage in such activity.

This petition is intended to establish rates for new interruptible parking and lending services on Pacific Gas and Electric's pipeline system within its service territory. These services will be designated as "market center" or "hub" services as part of its newly created Golden Gate Market Center. Parking provides customers with temporary storage of gas on an interruptible basis. Lending provides interruptible temporary loans of gas from Pacific Gas and Electric's system. These services will be offered at the points Pacific Gas and Electric's system interconnects with interstate pipelines, and at its Kern River Station. Pacific Gas and Electric proposes an effective date of June 1, 1996.

Any person desiring to participate in this rate proceeding must file a motion to intervene with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington D.C. 20426, in accordance with sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission on or before June 3, 1996. The petition for rate approval is on file

with the Commission and is available for public inspection.

Secretary.

[Project No. 2019-000]

Pacific Gas and Electric Co.; Notice of Authorization for Continued Project Operation

May 17, 1996.

On May 5, 1994, Pacific Gas and Electric Company, licensee for the Utica Project No. 2019, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2019 is located on the North Fork Stanislaus River and Silver, Beaver, Mill, and Angels Creeks in Calaveras, Toulumne, and Alpine Counties, California.

The license for Project No. 2019 was issued for a period ending May 8, 1996. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2019 is issued to Pacific Gas and Electric Company for a period effective May 9, 1996, through May 8, 1997, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before May 8, 1997,

notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Pacific Gas and Electric Company is authorized to continue operation of the Utica Project No. 2019 until such time as the Commission acts on its application for subsequent license.

Secretary.
