[Docket No. CP96-522-000]

Columbia Gulf Transmission Company, Notice of Application

May 21, 1996.

Take notice that on May 15, 1996, Columbia Gulf Transmission Company (Columbia Gulf), 2603 Augusta, Suite 125, Houston, Texas 77210-4621, filed in Docket No. CP96-522-000 an abbreviated application pursuant to Section 7(b) and 7(c) of the Natural Gas Act, as amended, for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and order granting permission and approval to abandon the facilities being replaced, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Columbia Gulf states that as part of its objective to ensure the more efficient and reliable operation of its pipeline system, it initiated in 1986 to install on-line pigging facilities on its mainline system. Columbia Gulf further states that as part of this program, it proposes to construct and operate approximately 0.3 mile of 30-inch pipeline crossing the Ouachita River, replacing approximately 0.3 mile of dual 24-inch pipeline located in Catahoula Parish, Louisiana. Columbia Gulf indicates that the estimated cost of the proposed construction is \$712,000. It is asserted that the proposed single 30-inch pipeline crossing will result in a *de minimus* decrease in the theoretical capacity of the crossing. It is further asserted that the proposed crossing will have no effect on the throughput of Columbia Gulf's loop pipeline system as the minimal pressure reduction can be made up at the existing Delhi Compressor Station with existing compressor units.

Any person desiring to be heard or to make protest with reference to said application should on or before June 11, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with

the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, and if the Commission on its own review of the matter finds that the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia Gulf to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
