Order Providing for Opening of Lands Subject to Section 24 of the Federal Power Act; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: This order opens, subject to section 24 of the Federal Power Act (FPA), approximately 87.6 acres of public lands withdrawn by two Federal Power Commission (FPC) orders, dated June 27, 1963 and February 17, 1971, for Power Project Number 2179. This action will permit consummation of a pending land exchange and retain the power rights to the United States of America. The Federal Energy Regulatory Commission (FERC) has determined that the power value of the subject lands will not be injured or destroyed by their exchange, if the land exchange is subject to section 24 of FPA. FERC concurred with this action in a letter, DVCA-1237, dated March 29, 1996. Although the lands have been and will remain closed to mining, they have been and will remain open to mineral leasing.

DATES: August 28, 1996.
