GPU Generation Corporation, et al. (70-8289)

GPU Generation Corporation, 1001 Broad Street, Johnstown, Pennsylvania 15907 ("GENCO"), a non-utility subsidiary of General Public Utilities Corporation ("GPU"), a registered holding company, and GPU's electric utility subsidiary companies, Jersey Central Power & Light Company, 300 Madison Avenue, Morristown, New Jersey 07962 ("JCP&L"), Metropolitan Edison Company, P.O. Box 16001, Reading, Pennsylvania 19640 ("Met-Ed"), and Pennsylvania Electric Company, P.O. Box 16001, Reading, Pennsylvania 19640 ("Penelec"); (together with JCP&L and Met-Ed, "Operating Companies"), have filed a post-effective amendment to their application under sections 9(a) and 10 of the Act.

By order dated December 15, 1993 (HCAR No. 25948) ("Order"), the Commission, among other things, authorized the Operating Companies to enter into, from time-to-time, operation and maintenance agreements ("O&M Agreements") with nonutility generation facilities ("NUGs"): (1) with which an Operating Company has entered into a power purchase agreement; or (2) which are otherwise located within the service territory of one of the Operating Companies or that of an adjacent utility. The NUGs are "qualifying facilities" under the Public Utility Regulatory Policies Act of 1978 and the regulations thereunder of the Federal Energy Regulatory Commission or, more recently, "exempt wholesale generators", as defined in section 32 of the Act.

The fees and other terms and conditions of each O&M Agreement were to be as negotiated between the Operating Company and the NUG facility owner, and were expected to be market-based. In the Order, the Commission reserved jurisdiction pending completion of the record over the performance by the Operating Companies of the operation and maintenance services ("O&M Services") to be performed under the O&M Agreements for NUGs located: (1) In New Jersey; or (2) within the service territories of the Operating Companies or adjacent service territories, but with which an Operating Company does not have a power purchase agreement.¹

¹ Since GENCO is not subject to the jurisdiction of the New Jersey Board of Public Utilities or the Pennsylvania Public Utilities Commission, the reservation of jurisdiction contained in the Order need not be carried forward with respect to any aspects of the proposed transactions insofar as GENCO is concerned.
