

For more information regarding the particular property identified in this Notice (i.e., acreage, floor plans, existing sanitary facilities, exact location), contact Mr. Gerry Bresee, Real Estate Division, Army Corps of Engineers, P.O. Box 1715, Baltimore, MD 21203 (telephone 410-962-5173, fax 410-962-0866).

SUPPLEMENTARY INFORMATION: This surplus is available under the provisions of the Federal Property and Administrative Services Act of 1945 and the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. Notices of interest should be forwarded to Mr. David G. Sciamanna, Executive Director, Franklin County Reuse Committee, 75 South Second Street, Chambersburg, PA 17201, telephone (717) 264-7101, fax (717) 267-0399.

The surplus real property totals approximately 1980 acres and contains 339 buildings totaling 4,374,717 square feet of space. Current range of uses include administrative, residential, storage, open recreation and special purpose space. Future uses may include generally the same type of uses.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

Availability of Surplus Land and Buildings Located at Red River Army Depot, Texas

AGENCY: Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: This notice identifies the surplus real property located at Red River Army Depot, Texas (RRAD). RRAD is located on U.S. Highway 82, in sight of Interstate 30, and U.S. 59, 71, and 67 intersect at Texarkana as will the new I-49. Internal rail networks connect with three trunk lines at Texarkana. A heliport is located on the installation. A commercial airport is within 30 miles of the installation.

FOR FURTHER INFORMATION CONTACT: For more information regarding particular properties identified in this notice (i.e., acreage floor plans, existing sanitary facilities, exact street address), contact Ms. June Ahrens, U.S. Army Engineer District, Fort Worth, Attn: CESWF-RE-MD, P.O. Box 17300, Fort Worth, TX 76102-0300, (telephone (817) 334-4051); or Judge Carlow at the below address.

SUPPLEMENTARY INFORMATION: This surplus property is available under the provisions of the Federal Property and

Administrative Services Act of 1949 and the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. Notices of interest should be forwarded to Local Redevelopment Authority, Judge James M. Carlow, Bowie County Courthouse, P.O. Box 248, New Boston, TX 75570-0248, (telephone (903) 628-2571). The surplus real property totals 578.8 acres and includes 8 office buildings, 13 storage buildings, and 57 other buildings. The current range of uses include industrial, storage, administration, housing and recreation. Future uses may be limited to those described above.

Hyla J. Head,

Chief, Real Estate Division.

BILLING CODE 3710-FR-M

Intent To Prepare a Draft Supplemental Environmental Impact Statement for the Green Brook Flood Control Project Located in the Green Brook Sub-Basin of the Raritan River Basin, Middlesex, Somerset and Union Counties, NJ

AGENCY: Army Corps of Engineers, New York District, DOD.

ACTION: Notice.

SUMMARY: A final impact statement was completed for this project and filed in 1981. This supplemental is being prepared to update environmental information and present new potentially significant impacts for review and comment.

FOR FURTHER INFORMATION CONTACT: Mr. William Richardson, New York District, Army Corps of Engineers, Att: CENAN-PL-ES, 26 Federal Plaza, New York, N.Y. 10278-0090 (212) 264-1275.

SUMMARY INFORMATION: The Green Brook Flood Control Project was created in response to resolutions of the United States Senate Public Works Committee resolutions adopted September 14, 1955 and July 10, 1972 published as H.D. No. 53, 71st Congress. The original notice of intent to prepare an environmental impact statement was published on April 6, 1979 and notice of the final statement was published on June 12, 1981.

The project will provide flood protection to the Green Brook sub-basin to the Raritan River basin. The project area is located in the Counties of Middlesex, Somerset and Union, New Jersey. The protection will consist of a combination of levees, flood walls, channel modification, ponding areas (both excavated and natural) dry detention basins and non-structural flood proofing measures.

The supplemental impact statement will assess potential impacts from the implementation of the New York District Corps of Engineers recommended flood control plan. The District will develop a Draft General Re-evaluation Report for the project that will be available in June 1996.

This notice initiates scoping for this final study stage of this project. Information is requested for environmental concerns which may now exist in the project area and were not discussed in the original NEPA documentation. It is anticipated that public meetings will be on going throughout the re-evaluation process. There will be additional information presented to the public through the Green Brook Flood Control Commission. Agencies and the public are invited to present their environmental concerns to the New York District, Army Corps of Engineers directly.

This supplemental impact statement will discuss the impacts of the recommended plan on wildlife habitat, aquatic resources and wetlands, mitigation for wetland impacts, cultural resource information, the impact of HTRW studies on the project, as well as any new issues which may arise as a result of this process.

The need for scoping meetings specifically related to this process will be evaluated based on agency/public response to this notice and follow-up mailings.

Estimated date of statement availability: June 1996.

Dated: May 9, 1996.

Stuart Piken,

Chief, Planning Division.
