

month period this summer. CL&P's filing is in response to a potential emergency situation due to the shutdown of certain generating plants in Connecticut. CL&P believes that the proposed rate schedule will permit it to utilize available generating capacity to address an urgent need for generating capacity to meet its customers' power needs and to help avoid service curtailments during peak load periods this summer.

The capacity provided by potential sellers under this rate schedule would be available to CL&P at its request for up to ten continuous hours per request during the three and one-half month period from June 1, 1996 through September 15, 1996. CL&P would purchase up to an aggregate of 100 megawatts of electric capacity and associated energy from certain independent power producers. Potential sellers under the rate schedule are industrial and commercial customers that may have, or may locate, electric generating equipment on site. The proposed rate schedule would not be available to utilities or to qualifying facilities under the Public Utility Regulatory Policies Act of 1978 that regularly sell their capacity and energy to CL&P or to another Connecticut utility. Sellers would sign agreements to sell such capacity and associated energy during the specified period.

By expedited order issued this date, the Commission accepted CL&P's proposed limited-term rate schedule for filing, to become effective June 1, 1996, but subject to possible prospective revision after Commission review of comments, if any, filed in response to this notice.

Any person desiring to be heard or to protest CL&P's filing should file comments, a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before June 14, 1996. Protests will be considered by the Commission, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of CL&P's filing are on file with the Commission and are available for public inspection.
