Notice of Extension of Designation of Rwanda under the Temporary Protected Status Program

By the authority vested in me as Attorney General under section 244A of the Immigration and Nationality Act, as amended, (8 U.S.C. 1254a), and pursuant to sections 244A(b)(3) (A) and (C) of the Act, I have had consultations with the appropriate agencies of the Government concerning (a) the conditions in Rwanda; and (b) whether permitting nationals of Rwanda, and aliens having no nationality who last habitually resided in Rwanda, to remain temporarily in the United States is contrary to the national interest of the United States. After these consultations, I remain unable to determine that Rwanda no longer meets the conditions for Temporary Protected Status designation under paragraph 244A(b)(3)(C) of the Act. Accordingly, it is ordered as follows:

(1) The designation of Rwanda under section 244A(b) of the Act is extended for an additional 6-month period from June 7, 1996, to December 6, 1996.

(2) I estimate that there are approximately 200 nationals of Rwanda, and aliens having no nationality who last habitually resided in Rwanda, who have been granted Temporary Protected Status and who are eligible for re-registration.

(3) In order to maintain current registration for Temporary Protected Status, a national of Rwanda, or an alien having no nationality who last habitually resided in Rwanda, who received a grant of TPS during the initial period of designation from June 7, 1994, to June 6, 1995, must comply with the re-registration requirements contained in 8 CFR 240.17, which are described in pertinent part in paragraphs (4) and (5) of this notice.

(4) A national of Rwanda, or an alien having no nationality who last habitually resided in Rwanda, who previously has been granted TPS, must re-register by filing a new Application for Temporary Protection Status, Form I-821, together with an Application for Employment Authorization, Form I-765, within the 30-day period beginning on July 10, 1996, and ending on July 9, 1996, in order to be eligible for Temporary Protected Status during the period from June 7, 1996, until

December 6, 1996. Late re-registration applications will be allowed pursuant to 8 CFR 240.17(c).

(5) There is no fee for Form I-821 filed as part of the re-registration application. The fee prescribed in 8 CFR 103.7(b)(1), currently seventy dollars (\$70), will be charged for Form I-765, filed by an alien requesting employment authorization pursuant to the provisions of paragraph (4) of this notice. An alien who does not request employment authorization must nonetheless file Form I-821 together with Form I-765, but in such cases both Form I-821 and Form I-765 should be submitted without fee.

(6) Pursuant to section 244A(b)(3)(A) of the Act, the Attorney General will review, at least 60 days before December 6, 1996, the designation of Rwanda under the TPS program to determine whether the conditions for designation continue to be met. Notice of that determination, including the basis for the determination, will be published in the Federal Register.

(7) Information concerning the TPS program for nationals of Rwanda, and aliens having no nationality who last habitually resided in Rwanda, will be available at local Immigration and Naturalization Service offices upon publication of this notice.

Dated: June 5, 1996.

Janet Reno,

Attorney General.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 96-059]

National Environmental Policy Act; International Space Station

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of availability of Tier 2 final environmental impact statement.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR Parts 1500-1508), and NASA policy and procedures (14 CFR Part 1216, Subpart 1216.3), NASA has prepared and issued a Tier 2 final environmental impact statement (FEIS) for the International Space Station (ISS). The proposed action by NASA is to continue to provide U.S. participation in the assembly and operation of the ISS. This Tier 2 FEIS addresses changes to the Space Station program and potential environmental impacts that could not be addressed in detail at the time of the Tier 1 FEIS. These factors include modifications to the Space Station itself, its assembly and operation, an assessment of the probability and consequences of reentry into Earth's atmosphere, and an assessment of the proposed decommissioning plan.

DATES: NASA will take no final action on the proposed continued U.S. participation in the ISS program before July 10, 1996, or 30 days from the date of publication in the Federal Register of the U.S. Environmental Protection Agency's notice of availability of the ISS Tier 2 FEIS, whichever is later.
