AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Deletion of New Castle Spill Site from the National Priorities List (NPL).

SUMMARY: EPA, Region 3, announces the deletion of the New Castle Spill Site, New Castle, Delaware, from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR part 300, the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA promulgated the NCP pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of Delaware Department of Natural Resources and Environmental Control (DNREC) have determined that all appropriate CERCLA actions have been implemented, that the Site poses no significant threat to public health or the environment, and that no further cleanup by responsible parties is necessary.

EFFECTIVE DATE: June 12, 1996.

ADDRESSES: Comprehensive information on this Site is available through the public docket which is available for viewing at the Site information repositories at the following locations: Hazardous Waste Technical Information Center, 9th Floor, U.S. EPA, Region 3, 841 Chestnut Building, Philadelphia, PA, (215) 597-6633.

SUPPLEMENTARY INFORMATION: EPA announces the deletion of the New Castle Spill Site located in New Castle, Delaware, from the National Priorities List (NPL). The NPL is Appendix B of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR Part 300. EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and maintains the NPL as the list of those sites. Sites on the NPL may be the subject of remedial actions financed by the Hazardous Substances Superfund Response Trust Fund (Fund). Pursuant to CERCLA, 42 U.S.C. section 9605 (40 CFR 300.425(e)(3) of the NCP), any site deleted from the NPL remains eligible for Fund-financed remedial actions in the event that conditions at the site warrant such action in the future. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to

recover costs associated with response efforts.

A Notice of Intent to Delete the New Castle Spill Site from the NPL was published on March 21, 1996 in the Federal Register (56 FR 11597). The closing date for comments on the Notice of Intent to Delete was April 22, 1996. EPA received comments on the proposed deletion. The responsiveness summary is attached.
